Customer Reviews

Great addition to the overall story. I did not go in with high expectations, but finding myself laughing my butt off. The author does a great job adding to the local, Hong Kong, family and friends story. I can honestly say I'm equally looking forward to more of the spin off stories as the Athena Lee main story.

This is what like about this universe, it is so many facias. There is so much I am looking forward to. The academy, Lee families , and especially the special forces.

Very enjoyable book and the next book should be better understood because of the authors inclusion of these various sub plots. N.a. just good.

This was a great collection of stories that flesh out the universe of Athena Lee. I want a CATT someday.
