For a man dedicated to putting out fires, Hawk really knows how to add heat to Natalie's life, especially when he's rescuing her from compromising situations. Customer Reviews

Safe in His Arms is an adorable holiday read. Natalie and Hawk are too cute together. This book is a short but sweet and a little bit naughty read! I would definitely give this novella 4.5 stars!(ARC provided by Netgalley in exchanged of an honest review)

What a delightful storyline with lots of love and romance. The storyline captured me from the very

first page, it was beautifully written. I enjoyed the pace of this story and how the author developed the romance between the two main characters.

The romance is so sweet you almost overdose. Salvation comes in the form of the meddling ladies who make sure all the pieces are in place. Tempted to see what else they get up to in their attempts to avoid boredom.

I've always enjoyed Melody Anne's books including this one. I've read my way through the *Andersons & the Storms* (still waiting on Lance's book) and I knew when I encountered Hawk in *Hidden Treasure* that there was more to come in Montana. Loved the story but I do wish it had been a full novel.

I have most likely read everything Melody Anne has written. She has a way of enhancing your mood with her stories. I always walk away feeling better after reading her books. This one was great and of course I am so looking forward to her next release. Do yourself a favor and pick one up.

Short novella about a young first time teacher who doesn't know what to expect when she moves from sunny California to snowy Montana and meet her sexy and handsome landlord and the town's fire chief. Fire begins and sparks fly ! ! Melody Anne has done it again.....love her books! ! !

I read this book in *BABY IT'S COLD OUTSIDE*. It was a collection of great stories with great authors. Ms. Anne's "Safe in His Arm" is a wonderful heartfelt story that you don't want to miss, either here or in the collection in *Baby Its Cold Outside*.

This was a super cute novella. It was perfect for the Christmas season. When you read a novella, you know insta-love is part of the package and even though I'm not a fan of insta-love but for some reason, in this case, I was ok with it. If you read other books by Melody Anne you know there are always meddling parents or grandparents trying to make their grown up children fall in love. This is the case for Hawk and Natalie. Natalie is the new teacher in town. She moved from California to Sterling, Montana. She had no idea what a Montana winter would be and she was not dressed for it. She was also not ready to fall for the chief of the fire department, Hawk Winchester. Her plans do not involve falling in love before her career has settled down or owning a home. Hawk Winchester is happy with his job and he loves his family except when they are meddling in his love life. That's why

he doesn't date close to home which makes it unbelievable crazy to want to date Natalie. She has woken up something in him, he can't turn away from. He wants her close to him and for her to become part of his family too. I love how Hawk didn't want to play games. He knew and accepted that Natalie fit right in his life. He also had a great heart and one particular scene got me misty-eyed. In regards to Natalie, this book made me want to hug her and offer her my complete support. She had a tough upbringing and she needed someone to take care of her just like Maggie did. Cliffhanger: No4/5 Fangs
