# Snowfall And Secrets (Omega Mu Alpha Brothers Book 1)

## Synopsis

Tess escapes from Florida with a secret as big as Miami. She needs to find someplace to lay low and hide from her overbearing family. Mackinac Island, Michigan, should be the perfect place to hide out. However, her timing is a little off, it's the dead of winter and she's never been in temperatures below fifty degrees. Just her luck, her landlord, Lukas, is as hot as the sun. He's also moody and hiding secrets as well. Which suits Tess fine. A man is the last complication she needs. A Michigan blizzard leaves them trapped in the same house together and things heat up, fast. Tess finds herself falling for Lukas, in spite of the secrets that could ruin everything before it even begins.

Excellent! Being from the west side of the L.P. myself, it was a lot of fun to read a book situated in Michigan (and it gave me a special appreciation for the reference to lake effect weather). Lukas and Tess' characters are both hiding something that they believe could send the other running for the hills. The only thing is that it isn't until Lukas reveals his secret that Tess realizes that when hers comes to light she runs a very high risk of losing him. Both Lukas and Tess blame themselves for what happened, though for different reasons. Lukas is convinced his loss occurred due to his

negligence, whereas Tess thinks she's to blame because she got drunk that night. Despite their concerns over how the other will react, they end up falling head-over-heels for one another. Along the way we get to meet many other delightful characters (and year-round residents on Mackinac Island) including Lukas' doberman, Dio. There's also Estelle, Lukas' 60-something-year-old co-worker with a penchant for prying into his love life, Doc and Marie (the man who hired Tess and his wife, the island's doctor - also parents to one of Lukas' best friends), Sara and Gavin (a fellow teacher and her husband), and, near the end, Conner and Jessica (one of Lukas' best friends and fraternity brother and his girlfriend). Despite Lukas' initial reaction to Tess' news, they do find their HEA. And while the book does end rather abruptly (no cliffhanger), I can't wait to see what happens next in *Pyramids and Promises*!

This book had me on an emotional rollercoaster with the ups and downs. Tessa and Lukas were so thought out and amazing together. It is a clean read if you are looking for that. The way it is written was so beautiful I would recommend this for anyone

When Tess relocates to Michigan to start her life away from her family, she can't imagine just how much her life will change. Her landlord, Lukas, is a distraction she certainly doesn't need. He seems too good to be true, but she can't seem to resist. Lukas had no idea his new tenant would be so hot, but he knows she deserves someone better than he could ever be. It's just so hard to stay away from her. The more he's around her, the more he can't seem to stay away. Ooh, I loved *Snowfall and Secrets*! The hero and heroine were adorable together, from the very beginning and it only got better. Ms. Loth is one of my new favorite authors and you can bet I won't be missing a single book from this moment forward. (And if I already missed any you can bet I'll be doing a little backtracking right away lol). Ms. Loth makes the reader feel the emotions from the characters and gives our hearts a few extra thumps now and then throughout the story. What a truly touching romance you won't want to put down! Don't miss this one! 5 Stars!

*Snowfall and Secrets* is a sweet romance. I can certainly understand Tess wanting to put distance between her overbearing mother and herself. She needed time to make an extremely important decision without meddling and pressure from her family. Lukas is a tortured soul and my heart broke for him. Tess and Lukas deserve happiness and it was sweet watching their romance unfold. This is a well-written book that held my attention from beginning to end. I love the descriptions of Mackinac

Island and the simple way of life for those who live there. I look forward to reading the rest of the books in the series.

Set in the beautiful Upper Peninsula, two broken people dare to discover a future again. This writer did a remarkable job capturing the heart aches and pains of both main characters as well as the clumsiness and insecurities of daring to look at love again after heartbreaks. The storyline is beautifully written and moves along very quickly. Looking for a good, clean romance fix this will definitely do the trick. There is no cliffhanger yet the possibility for more stories are there. A great read for a peaceful afternoon.

Snowfall and Secrets by Kimberly Loth is a sweet romance. Snowfall and Secrets is the first book in the Omega Mu Alpha Brothers Series. I loved that Tess and Lukas are both considered damaged but that together they are a perfect couple. I loved the description of Mackinac Island and the world that Kimberly Loth has created. I can't wait to read the rest of the books in this series.

I was totally in love with this book! The story of Tess and Lukas is so different from what I have been reading lately. I could really feel a connection to Tess, because we have all done things we regret. I felt Lukas's pain at the things that had happened in his past. To see their story play out before me, had me rooting for them all along... amazing love story!

The sweet flirtation between Tess and Luckas is so adorable. I've always loved when a guy wants to and knows how to treat a lady right. Even with the sad bits here and there in the story it was still an amazingly sweet read. The ending seemed a bit rushed to me though, but overall I'm still really happy with the story.
