Synopsis

A warrior sworn to get his mate back or die trying
A woman under a curse which stole her love
Rone is determined to win back Kate's heart
Even though he has been forgotten
Kate McMillan has a good life and a decent job working at a jewelry store but there's something wrong. She also has a hole in her memory—a three year gap where she can't remember a thing. Kate tries to tell herself she's okay but she knows it isn't true. Someone is hunting her—a huge man with glowing blue eyes is lingering on the edges of her vision. Every time Kate sees him her pulse races and fear grips her. Rone is a Wulven Kindred—feared and shunned even by others of the Kindred race. For the Wulven carry a Beast inside them that will kill anyone unlucky enough to be near when it emerges. Only a female who has tamed a male Wulven's Beast is immune from this danger. Rone once had such a mate—before she was snatched away. For months he's been searching for his missing bride but when he finally locates Kate, he finds that she has forgotten him completely. Not only that, but his mere presence engenders a panic response in the woman who once loved him. Their bond has been broken and Kate doesn't know him. Worse, his Beast no longer acknowledges her as his mated female. Rone doesn't blame Kate for thinking he is dangerous—he is and always will be unless she can tame his Beast. But in order to tame the Beast, Kate must take a terrible risk—one that may end in her death. Will she be able to control her fear and face the danger that lives inside her mate or will Rone remain forever forgotten? ***This is book 16 of the Brides of the Kindred series***

Customer Reviews

A pleasant book in the Kindred Bride series. Unfortunately it followed the same formula of the previous several books. I enjoy the books but am only moderately pleased w/ each one. As per the formula the woman was a cry baby and weak through most of the book. As usual, they had to go to some kind of sexual institution. Evangeline, please give us some fresh new stories!

These books are getting to be very predictable. The story lines are kind of merging together. At first the series was cute, Ms. Anderson's writing was funny and the character development was jokingly cliché but still funny and readable. Now....it's enough already. It's not funny anymore, the heroines come across as whiny and spineless and the male characters are selfish and too macho. And what's with the past couple of books the girls being scared of receiving pleasure i.e. getting some head. Really??? An alien race has come down and presented themselves for marriage and all the women of earth can do is act shy and naïve. I'm ready for Ms. Anderson to write a real girl, one who owns her sensuality, and is tough and comical. Not all girls are simpering damsels.

I loved this series but this book actually made me uncomfortable and I would actually skip parts to get through the story. I am kinda losing interest in the story line because it has started to become predictable. Also I would like a story about a tall woman once in a while. I get that most women are short but the whole doll size to the kindred idea is getting kinda old for me. The characters are well developed and the plot is a good one. I just wasn't as grabbed by this book as the previous ones.

I have read the entire series to date and been mostly happy. The latter books have suffered from a little to much repetition, but this offering is a regurgitated mess. I absolutely hate Kate. I'm 35% of the way in and won't bother finishing. I want him to dump her whiney, abnoxious, poor body image self and find a nice girl worthy of his love. I get that she's lost her memory and infected with fear toxins but there is nothing remotely likeable, let alone lovable, about her. I don't even care if they have their HEA in the end... she will always be this brat in my head and so I just don't care. Sorry.

Let me say that I want a Wulvan Kindred my fave so far, and I so want a breeding chair YUM... Who doesn't want to woken up with that special kiss and put to sleep with it everynight SIGN ME UP FAST. I loved Rone he is awesome, perfect of there is such a thing and I loved the old Kate.. The new Kate was a pain in my ass so kept pissing me off. Try something new, take a chance, open up..... Ugh she was so pig headed and stupid it was annoying. I love my Kindred by why is Sylvan the only one always popping up, what about Baird? Sylvan is starting to get on my nerves too hes behaving like his mate Sophia and acting dumb as a door knob. Does he not realize what is happening under his watch UGH.....I was happy when Kate got her memory back and what is that everyone who has a bad sexual experience runs from sex like the plague when its with someone you love and supposedly trust.I don't get that one. I am glad for the introduction and deeper understanding of the Wulvan Kindred they are the best as far as I'm concerned more stories about them please if we decide to pick up the Kindred again.

Outside of the exceedingly high 5 star reviews I hope the author really takes the time to actually look at what the readers are saying and take it into consideration. I have read every single Kindred book from the beginning and I absolutely LOVE the series.....HOWEVER.....they are starting to become extremely repetitive. Outside of looks the female leads are starting to become cookie cutter. The dialogue and dirty talk is almost like the author cut and paste word for word entire sex scenes from previous books right into this one just changing location. This book was about 75% "ho hum" repetitive sex and 25% moving the story line along. Don't get me wrong.....I'm a fan for life but I would like for once to see a female lead that isn't all stuttering naivete when a big hunk of hot Kindred is ready to do all kinds of nasty dirty things to her. That whole trope is starting to get really stale and uninteresting so much so that I find myself (GASP) SKIMMING a sex scene. NO!!!!!! Please give us a strong female lead with the next book Ms. Anderson.

Forgotten (Brides of the Kindred 16) Once again Evangeline Anderson takes us back to the world of the Kindred. If You haven't had the chance to start the Kindred seriesI'd suggest that you do it ! It helps to have some back ground on why the Kindred are calling Brides from earth . Forgotten, is the continuation of Rone and Kate . Rone is a Wulven Kindred and Kate is a human female who has the gift of knowing , and Unfortunately our hero and heroine are caught up in the Machinations of the Evil Two . A Kindred who has become more machine than kindred.Evangeline Anderson has a wonderful way catching and keeping your attention , You will find yourself rooting for the good guys and thoroughly pissed at the bad guys. I know that I am looking forward to the next book in the

Kindred series , and I hope that it continues for a long Long time !
