The Crush

Synopsis

Composed and confident, Sofie Roberts is thrown for a loop when she runs into the one man who makes her feel like the weak-kneed, starry-eyed young girl sheâ™d been years beforeâ™her childhood crush, Bryant Lewis. Seeing him all these years later makes her realize the feelings sheâ™d had for him are still as strong as they were back then. Bryant Lewis is surprised and impressed when he has a chance encounter with Sofie Roberts. She is no longer the shy, quiet girl he remembers from the neighborhood. She has grown into a sexy, confident woman. The attraction he felt from the moment he bumped into her was something he couldnâ™t deny. Now that she is an adult and has the opportunity to tell Bryant her secret will Sofie take the risk of being rejected and embarrassed, or should she just let the old crush be just thatâ™her secret? Bryant has been stungâ™painfullyâ™by a woman in the past. He isnâ™t looking for anything serious, but the electricity that sizzles between him and Sofie is something that canâ™t be ignored. Is he willing to move act on that attraction? What happens when two people make a connection? When the desire that burns between them becomes so hot that sparks begin to jump? Will the crush be the start of a journey of desire and seduction, or will Sofie and Bryant let their fears and past hurts keep them from exploring where this chance encounter could take them?

I really enjoyed this read from Kendra Reeves. It captured me from the jump and held my attention throughout. Sofie was definitely on grown-woman status in this book. The chemistry between Sofie and Bryant was excellentâ ”never a dull moment with those two. I loved how the book showed how men like to set the rules (â œdonâ™t fall in loveâ•), but are the first ones to catch feelings. But to this endingâ |manâ |I hope everything turns out ok. Canâ™t wait for the next part.

Okay I'm going to tell you up front. This story ends with a dang cliffhanger. So you've been warned. Read at your own risk. The story is nice I like the misguided characters. I just hate hate hate cliffhangers with a passion.

I truly enjoyed reading "The Crush" by Kendra Reeves. This book holds the attention of the reader from beginning to end. I found myself right there in Tennessee with Bryant, his family, and friends as the events of his life unfolded with each page. Anyone who's had a crush back in High School will enjoy reading this book. Awesome job Ms. Reeves - I'm looking forward to your next book.

Kendra you are an amazing writer, could NOT put the book down, read the whole book in one day. You made the reader feel like they were there every minute of the story. This book is definitely a book for every woman who has ever had "a crush"...and especially for those lucky enough to get a chance with their crush. The ending was unbelievable and such a shocker, can't wait for 2 ND book

This was a good read. I liked both Bryant and Sofie at the beginning, but after awhile I got tired of them playing cat and mouse with each other instead of telling each other how they really felt. If you like hot and steamy sex scenes, this is the book for you. My only problem with this book is the way that it ended. I will be getting part 2 to see what will become of that ending.

Over all I enjoyed this book. A hot and steamy read. But Bryant and sofie got on my nerves with the cat and mouse game, knowing they had feelings for each other. That ending though OMG. I can't wait to see the results in part 2.

An exciting story that had me reading on my Kindle, smart phone, and web reader every chance I got. Author was able to paint a picture of each interaction to make it feel like you were on the wall. Loved the Nashville, TN venues that were mentioned. Has an exploding ending that will leave you wanting for more. I would highly recommend.

I truly enjoyed reading this book!!! I couldn't put it down and I can't wait for this to continue. Please put out 2 soon!!!!
