This book was so freeing good, I started reading it early this morning....4:30am to be exact and didn't stop until I finished it!!! I knew what Lester was before we even got to the part about him! I can't wait to read the next part to this series!!! I got to say this again...EXCELLENT! Great job Shawn Starr!!! I'm going to stop now because I'm not trying to give away any parts of the book!!! I love Demetri by the way!!!!

Shawn Starr is going to be one if he keeps writing books like 'Dark Infidelity'. If you're not already a fan of this genre, you'll become one after reading this book. I couldn't put it down until I had read it all the way through, completely drawn into the suspense, the storyline, and the lives of the characters. As many reviewers have already said, I will definitely be looking out for his next book.

5 STAR BANGER FOR SURE!! This novel held me captive from start to finish!!!! The characters were vivid and engaging!! My favorite has to be DEMUS!!!!!! Shawn Starr you really did your thing!!!! I am waiting on Part 2....I can hardly wait to see where you take us next!!! EXCELLENT!!!!

You have really surpassed the mind boggling twist that everyone is skating around. It is sad that we continually stereotype individuals based off of looks. It is equally disappointing that we continue to stay in loveless relationships, due to the fact that we are afraid of what someone may say. You are the only person that has the ability to allow another person's negativity affect how you live. This book is an emotionally rollercoaster that everyone needs to read. No is not okay to be treated as anything except the individual that God has called you to be and if you cannot have that with the one you are with it time to STEP. I am anxiously awaiting to see how far Demus, Alliyah, her soon to be undercover brother of an &&&&& Lester and we absolutely have to remember Maxwell will do in the upcoming novel. This is a scorching read so be prepared.

I loved it from start to finish, the way the author has a way of captivating you with her words and allowing the words to come to life off the page is truly amazing. Although a bit predictable, it didn't take away from the story. I'm believing that part one was "predictable" for a bigger set up for book 2. The drama that unfolded at the end allows us to see that there is so much more to this story that we "think" we know but have no idea. I love it when an author can display this upfront and then take us on a journey like never before. Please hug and kiss your editor and then share your editor with the rest of us. I truly enjoyed this story. Lester ought to be ashamed of himself and poor Maxwell, I guess his little feelings are hurt now, oh, oh well, I guess it don't feel so good happening to you when you are the one that was doing it to someone else. I can't wait for the monkey wrenches to come our way in book 2. great read... appreciating your work.

And dark it is....I must say the signs were there early on about Lester's secret. Aaliyah was trying so hard to save something that she thought was real, but she was way too submissive to a complete JERK!! Lester deserves all that comes his way...

This was the first time I have read this authors work and I must say I loved it, I was hooked from beginning to end I loved the characters in this book and the authors writing really brought them to life it was full of gritt and suspense which drew me in and kept me interested which is what a good book is meant to do, I will definitely be looking out for the second book, well done Shawn you are a true Starr.

This is my first time reading a book by this author but it will not be my last. This book was so well written, I love authors who takes time to make sure a book is written well it makes it easier for us readers to follow the book. I can't imagine what's gonna happen in the next book but I'll be definitely looking forward to reading it
