## Customer Reviews

Willy Loman is the protagonist of the finest play ever written by an American. Eugene O'Neill and especially Tennessee Williams entertain perspectives on life that are much too neurotic to suit me. Arthur Miller's genius resulted in several wonderful plays, including *After the Fall* and *The Crucible*,

but it is *Death of a Salesman* that stands in a class by itself as the quintessential American play. Yet, as Miller himself was quick to point out, Willy Loman's appeal is universal. *Salesman* has mesmerized audiences around the world because it treats a question that is basic to the human condition: "What does it mean for a person to have integrity?" I've been thinking a lot lately about Willy Loman, as though he was a real person I once met and could never get out of my mind. I first met Willy when I was a young man studying acting with the Strasbergs in New York. Biff Loman was one of my favorite roles in class. I felt that he was me. Lacking the life experience to fully appreciate Willy, I identified more with Biff. One of the admirable qualities of *Salesman* is that it is possible to regard Linda or Biff or Happy as the main character depending upon who you are and where you are in life. Actually, *Salesman* takes place in Willy's mind so they are all manifestations of the salesman. One of the quirky aspects of *Death of a Salesman* is that so many people think it is a play about a salesman. Miller uses the salesman's role as a metaphor for the struggle to find the meaning of life. Willy could just as well be a butcher or a proctologist, but Miller understood that we are all salesmen in a way. We spend so much effort selling - to ourselves and others - the entity that we take to be "me."
