## Customer Reviews

I received a hard cover book, not a paperback book as advertised. I was sold a library book (that was not advertised).....enough said.

It should be more variety and availability of this type of books in Spanish for countries that have Spanish as their language, like Mexico and especially in the city of Monterrey. The few that are available in very few bookstores are sold right away. My son can't find more about the Goosebumps series, he has about 11 books and he is looking for more, he is learning English and wants to start reading these books in English for practice. Your prices are very good, just about as here, but the shipping cost is high, even if it is delivered in 4 weeks. That's my comment. Congratulations to you for the great job you do on the Internet, especially the service and attention.
