Submitting Sarah (Montana Maiden Series Book 4)

Synopsis

"Soon enough you'll understand, but for now, just remember, this is our command, not your choice. All you have to do is be a good girl and do as we tell you. You don't have to want it. You don't have to like it. But we will do as we think is best and we will pleasure you." Having escaped isolation on her father's ranch, fiery Sarah Jenkins is determined to avoid the fate of her stepmother, Devney, who now lives under the domination of her new husband in Liberty, Montana. But Sarah's plans to flee to the big city run afoul when she encounters the handsome Ericksson brothers. Tag and Garret aren't like the possessive men of Liberty. As brothers, they agree to share everything, and have been looking for a woman with a capacity for passion that will enable her to handle two strong lusty men. When Sarah learns that women who flee Liberty cannot return with their reputations intact, she agrees to accept her fate of becoming one wife to two husbands. But if submission to one man is work, submission to two men is an art. As Sarah learns to accept the sexual demands of two handsome brothers, can she learn to accept the love they have to offer, and return it? Hot menage adds a new twist to this fourth installment of best-selling "The Montana Maidens" series, making it no wonder that Vanessa Vale is the hottest rising star in BDSM erotica today.

Customer Reviews

The book had 1960 locations on my kindle. The book was about a young virgin, named Sarah and 2 brothers, Tag and Garrett. Sarah was very naive and sheltered. Tag and Garret were selfish, extremely dominant and looking for the one woman, who would complete them. Sarah ran away from home, in hopes of seeing the world. She was in the process of trying to remove a chastity belt, which had been placed upon her, in order to protect her virtue, when she came across the brothers. They offered to remove the harness, but only, if she agreed to belong to them. Sarah refused, until she had no other choice. The book contained a few mild spankings, some hot, intimate sex play, many smoking, detailed, descriptive sex, oral sex and anal sex scenes, which I loved, well anal, not so much. I did not particularly like the brothers. I wanted them to be more caring and sensitive to Sarah's needs. The brothers used Sarah, whenever, where ever, they chose. They treated her like, their own personal sex toy. The Sarah character, blamed herself, when the men, spanked her, which irritated me. SPOILER ALERT: The brothers forced her to marry the older brother Garrett, the day, they met. They forced anal drugs upon Sarah, which would enhance, her arousal, and force her to accept her situation more quickly. They forced her to wear a butt plug, around the clock, and allowed her to remove it, if and when they chose. They forced her to always have her breasts uncovered, when walking around the house and the yard. There are 4 books in the "Montana Maiden Series" all stand alone. Claiming Catherine, Taming Tessa, Dominating Devney and Submitting Sarah. I would definitely buy another book by this author.

Sarah Jenkins was looking for freedom and to escape the isolation she had endured for most of her life. With only having her stepmother she is completely alone that is until she find herself in the company of brothers. What is she to do, she is alone and with no protection. Tagg and Garrett are brothers who share everything and Sarah having stumbled upon them is now their to do with what they please. Marriage, sex and the threat of the past is what she is faced with. The men are completely devoted to Sarah and her training, she may know nothing about mÃ©nage but the men will definitely show her the delights of a triad. When trouble comes will the men save their Sarah and when she realizes she loves them will she get the chance to tell them her hearts desire? Vanessa Vale has another hit series, this series is pure carnality but it's so well written it deserves more then 5 stars. If you have never read her books your missing out on a masterpiece!

Sarah has taken off to determine her own destiny and ends up between a creek and a hard place. Now she's faced with Garret and Tag who know what she needs to keep her safe. But despite the fact that there are two of them they treat her gently and with care. She quickly responds to them and finds her own destiny right where she is.

This is the next story in Montana Maidens. We met Sarah in the last story, Dominating Devney. Sarah is Devney's step-daughter. She runs away to find her way alone. Unfortunately, she is still wearing the chastity belt. When she stops next to a stream to try and remove the leather with a sharp stone, she meets up with Garrett and Tagg Ericksson. They are brothers who plan to share a wife. This book is a little different than the first three. There is more emphasis on love and coaxing Sarah along. I really liked this one a lot. I'm wondering if there will be another book? I give this 4 stars.

I'm going to be honest, this series is totally addictive to me. Not sure if it is the submission or what, but these are great reads. The book is super steamy and always has a twist, but if you appreciate a little spanking, dominance and submission. This is the book for you.

Sarah ran away from town the moment she could, she did not want to be wed " she wanted to travel. Her father had kept her isolated on their ranch since she was 12. She is a woman now and being an unclaimed one, the doctor in town fits her with a chastity belt which she immediately tries to remove. Discovered attempting to do so, her body on display, she instantly becomes the property of brothers, Tagg and Garrett who own the land she is on. Despite her protestations, they wed her the very next day. Together they will train her to submit to both of them. Will she find contentment or will she still want to run.

This is a series but the book can read as a standalone. To really understand the town of Liberty, MT and the men and their handling of wives, it is best to read them from the beginning. In book 3 we met Sarah Jenkins after the death of her father when the men came to the ranch and made Devney, her step-mother and Sarah wear chastity leather harnesses and place them under protection of the Doctor. During the night Sarah escaped and finds herself trying to remove the harness when she is found by Garrett and Tagg Ericksson. They insist she must return with them to their ranch and that she is now under their protection and even get the Sheriff who can act as Justice of the Peace. They marry and these brothers make her their wife. The sex scenes in this story are sizzling

between these brothers teaching Sarah about her body and desires and towards a marriage. The story and dialogue was entertaining, never was it forceful, but gentle, persuasive coercion.
