This is a great book. Muy buena libro de trabajo para jovenes! I used this book during a summer trip to Mexico, and I dont speak Spanish. The author told me that I did not need to speak Spanish. All I had to do was read the instructions that were pre witten in spanish and that the kids would understand. WOW!!The kids got it!! This book actually facilitates a childs ability to learn English. By the end of the week, the kids were able to communicate in English!!!! I recommend this book to people who can speak English. But, I have heard of a school in Colombia that uses this workbook, and the teacher there cannot speak any English, and the kids can now communicate in English.

ALSO..il could not afford to buy many books at this price, so the author gave me a discount code if i purchased book for students in latin America. All he requested was that I send him pictures of the kids using this book. Saved me 20% !! Icant wait for level 2.
