Enthralled: The Sex Goddess (The Erotic Adventures Of Jane In The Jungle Book 3)

Synopsis

The erotic adventures of Miss Jane Clemons in the jungle of Madagascar continue in this third installment, inspired by an erotic Tarzan and Jane scenario. Jane's erotic adventures become even darker and more titillating as our heroine finds herself the object of lust and desire for an entire village as they adopt her as their sex goddess. The wild, passionate jungle man, Zaren searches for her...but will he find her in time? If you thought E.L. James's Fifty Shades of Grey was tame...if you are a fan of The Story of O or Anne Rice's Sleeping Beauty series, this is the type of story for you. Readers of Bertrice Small's Skye O'Malley series will also enjoy the edgy, BDSM-like erotic scenarios. Praise for the erotic novels of Colette Gale: "Erotically wicked! Spellbinding!" Warning adult themes below:I should have stopped after the last book. I feel the selling point of being edgier than 50 shades is wrong. At least in 50 shades no one is raped by multiple people a billion times. The worst part is I am still going to read the next one cause I do enjoy the scenes between Jane and zaren.

"Enthralled" is another titillating installment in the " Erotic Adventures of Jane in the Jungle Series. The series is an erotic spin on a classic tale made enticing by the author's unique storytelling style, wit and vision. Each book begins with a back story on Jane and her dad that should satisfy those looking for character development. In this installment we find Jane in great peril of sexual sensory overload. just kidding! There's action, adventure, betrayal, and, yes, graphic sex scenes that include forced sex/rape, hot consensual sex, oral sex, and a little bit of bondage. The story is fast paced and addictive and the ending made me gasp. I adore Zaren and Jane's a likeable gal with a lot of spunk. She is indeed a sex goddess or the sexual equivalent to the Energizer bunny. lolEach novella picks up where its predecessor leaves off so I recommend reading them in sequence. Buy it, Read it; Enjoy!! I can hardly wait for "Enticed" the next novella in the series. I signed for notification of the next release at the author's website so that I won't forget.

Same erotica as Ms Gale is always known for - however I didn't realize when I bought it that this is a really short book and that that there would be serial editions continuing the story, I'll be more careful to check book length in the future.

Don't understand the 5 star reviews. This is a tale of a woman (fertility goddess) being drugged and raped multiple times by multiple people. There is nothing "titillating" about it unless you like descriptions of rape. Part 4, which I read because I purchased at the same time as Part 3 is more of the same, except it includes male on male rape also. I will say I more or less enjoyed parts 1 and 2 and bought the last episodes thinking it would be along the same lines. Not even close.

All I wanted was for this chick to get with Zaran and live happily ever after. But no, she has to be passed around the jungle, like she's the only vagina around. Tht is just disturbing tht she was raped

by the black dude, and then Zaran, who let's face it, acts like she's his first piece, went in afterwards. Immediately afterwards. Gross! I mean...she could have told the poor guy she'd make it up to him later, after one of those hot baths. Believe me, I'm sure he would have waited. She should have known the sex would weaken his superman powers and get them killed. Stupid girl.

What can I say about this series? This 3rd installment is just as intense and oh so hot as the first two. Each book tells the story of Tarzan and Jane but with an erotic twist. The story just pulls you in from the opening to the visual setting of the jungle laid out for you. There is more here than just the erotic parts, we find out what fascinating research lured Jane's father into the jungle as well as action packed scenes from live plants to huge man-eating snakes. Everything fascinating and fearful about the Madagascar Jungle. The intense erotic edge this series has is over the top. I took the time to re-read the series before I started book 3 - it was just as wicked hot as the first time I read them. When we left Jane in book 2, both she and her love interest Jonathan are taken captive by a native tribe of Madagascar. Does Jonathan have more secrets up his sleeve? Will Tarzan arrive in time to save Jane from the sex crazed natives? I'm not telling, grab a copy and find out. A must-read if you are a fan of Tarzan, erotic re-telling or just a great erotic read with a good story and characters! I can't wait for the rest of this series!

A different kind of adventure, and spin on the base characters that most of us know, the 'Entwined' series has never failed to impress nor has it ever once lost my attention. I recommend it for those of us who enjoy a bit of steamy unconventional reading ;)

Miss Jane Clemons is lured into a situation in the jungle of Madagascar where she becomes the unwilling sex goddess of a native village. Zaran searches for her but has his own problems.
