Santimanitay (The Savanoys Book 2)

Synopsis

Helene Constantine knows better than most what it means to keep difficult secrets. She is regal, poised, with nerves of steel, and has worked hard to keep the dusty ghosts of the past at bay. Carlton is a man haunted by a different set of ghosts – ones that threaten his peace of mind. The undisputed titan of Trini mas, Carlton could command the hearts of countless women with a crook of his finger, but only one woman will do. Only one woman can help heal the wounds caused by the vengeful wrath of Gloria Maldonado. Only one woman can gently guide Carlton into a love that sears in passionate intensity, a love that elevates the soul. What will this formidable couple do, when the past comes striding back into their lives, carried on the designer heels of Carlton's ex-wife? Masterfully blending past and present time, Santimanitay is infused with the technicolour pageantry of Carnival that beats so fervently at the heart of its predecessor title, Across From Lapeyrouse. Familiar faces from the author's debut novel reappear, and we glimpse the darkness lurking beneath the surface of Gloria's talent. Taghaboni's second instalment is a master class on human emotion, on the bacchanal and brimstone ever teeming beneath so-called polite society.

Customer Reviews

This book had me up till 3 am because I refused to put it down till I got to the end. If you've already read *Across from Lapayrouse*, the vivid character development of those who irked you, enticed you and made you curious from that book came to life like your own family, friends and foes in *Santimanitay*. If you haven't read it then it is time to head out and read that other novel as well. This one is complete by itself, but with its sister book, you have to pinch yourself to remember that you do not really know these people and that you are just a third part the fury, pain and even laughter. Carlton, Gloria, Helene ...none of them is just a simple character. Nathalie did a fantastic job making them human, complicated and different. Before the end, even when I was starting to have some slight compassion for Gloria...I just ended up thinking Gloria, Gloria, Gloria!!! - a one cent just can't change. Kudos Nathalie and I am anxiously awaiting the prequel, sequel, any quel.

If you're from the Caribbean, especially if you're from Trinidad, that headline will speak for itself. Ms. T has done it again. After waiting the better part of a year for her sequel to come out, it was finally in my hands. I began to read around 8pm and put the book down at 5 minutes before 2 am. I screamed a string of curses that Gloria herself would probably nod approvingly at. I fell for this book hook, line and sinker. And yet coming down to the final pages, I had a premonition that something bad was about to happen. And when it did, and the book ended, I nearly had a heart attack. Ms. Taghaboni..... How you go leave a man hanging so? You had better be working on book 3 eh? *Santimanitay* delves into the back story of the characters that we met in the first book *Across from Lapeyrouse*. It moves between past, present and future with seamless transitions. And for a brief moment, it brings back that lovable Italian that had us all gasping in the first book. Unfortunately, his appearance is short and sweet, tinged with sadness and regrettably unsexy. I'm not going to give any more of the plot away, you'll have to read the book yourself. But I will say to Ms. Taghaboni, brava, well done, now go and get started on book 3!

There are no words sufficient enough to describe *Santimanitay*, you told me to read slowly and I did because there were clues in this tale that made me go "Hmm". In *Santimanitay* you can't help but go throo a wave of emotions with the chracters. You fall in love with them, you sympathize, anger, hurt, laugh and you try to understand and also make peace with your life. But it is the end that brought tears to my eyes and like any other human being that has been in those circumstances you can't help but ask "Why God why this way" you question his wisdom. This book is excellent Queen great great job I await book three and "try yuh bess not to make mih cry again" Be Bless

I got sucked into a vortex again reading this book. I finished it in under 8 hrs. Sleep and other activities become insignificant when I read her books. I was all up the Savanoy's business and mentally talking like a Trini as I read. My heart warmed, it raced, i got angry, i laughed out loud, i tried to solve mysteries. I would put the book aside for a few minutes to savor what I just read. At one point in time I stopped reading and said, "this woman could write, she really good". I kept thinking about who would play who in the movie. (Yeah, it is that good). When the book ended I gasped. I frantically swiped my screen looking for the rest of the book. It is the same feeling I get after watching Game Of Thrones. I would sit and stare at the TV screen in disbelief for about 10 mins after the episode concluded. If you like scandal you would definitely love this book and its predecessor, Across from Lapeyrouse. I can't wait for book #3 of the Savanoy's saga.

This book is sexually eruptive. The pleasures of loving sex are described with charged sensuality that would make many only dream to experience the potency of loving explorations. In this Santimanitay book sequel, Nathalie Taghaboni strips the reader of any veneer of contained modesty. The story details the erotic languishing of lovers as they experience the beauty of orgasmic ecstasy. One experiences the vicarious orgasmic heights detailed in colorful language and movement and intriguing fantasy... Dripping with all the juices of experienced lovemaking, I prefer to suggest... panties don't lie. Santimanitay will leave you breathless and will incense emotions that provoke pain, rancor, fear, and demands recovery and sanctuary. In the amazing twists of life dramas that the readers journey with the main characters, the book takes us to an ending of desperate suspense..and one begs to find answers to the crushing unknowns..Thomp! Thomp! Thomp! are the pulsing sensations that are climaxed in this read. Santimanitay... pleads for more!!!! Nathalie Taghaboni...the ancestors bait...and your readers demand..another Sequel.

With all the tingly feelings in my tummy finally it was ready for download 'SANTIMANITAY' and now on cue, I HAD IT on my iPad.....From the moment I began to read I knew I could not put this book down. I fell in love all over with each character as they presented themselves. I felt every bit of love, pain, anguish, joy, I laughed with them, cried with them....Their explosive sexual appetites in it's description could take you to the very depths of sexual desires....I no longer refer to them as characters, they are people I love. They are real to me. I wish I could have met them. Never have I read a book that took me to the edge like this author has been able to capture, with WORDS. I learned so much from the family about life & love, and lies & jealousy, forgiveness. I feel I could

even design a king costume now.....This author loves the color WHITE, and as clean and as pure the color so was her writing. As the book ended I wanted more & more & more. I miss them, I will always wonder about them, especially Helene/Carlton....No writing has ever been more vivid to me in all it's caribbean splendor it's color and rythum, the lingo, dialects,etc, and in the end, as the author herself so eloquently put it..... "The Torrent was staggering".. Oh geezan.Well done Nathalie Taghaboni. AMAZING.. Gifted....
