## Synopsis

Note from the author: This is the first book within a series of standalones. Full length. Intended for audiences 18+ due to sexual content and language. I'm Saxton Maverick, famous for the size of my |Well, you can fill in the blank. I'm good at sex. When given the right tool I decided to use it to my advantage. I'm not cocky, just confident. Don't believe me? I have a reputation and a bank account to prove it. I'm an icon. Those that badmouth me for my career are usually the ones that contribute to my salary the most. But I'll keep their secrets. I am only in the company of a woman when she's naked and ready to go. I don't choose my partner. She's chosen for me. I have one job | Fuck her to the best of my ability and make it natural, memorable, and believable. You want a piece? I'm easily at your disposal. The definition of true talent is when you can make a woman come without even touching her. There is no room for jealousy or love in my life. The day I chose this job I left those possibilities behind. For good reason at the time, but that's in the past. We fuck, we film, and we forget. That is the life of a porn star. Then the producers wanted to go a different route, so they started a new project and gave me her | One look in her eyes and I can tell she has no experience. She looks terrified of what she's about to do, what she's about to become. Kambry Rivers they call her. I have no idea why she is here, but this is going to be fun. I don't even feel guilty. Let the sessions begin.

## Customer Reviews

This book is amazing. I hated having to put it down. You fall in love with Saxton and Kambry (which is a awesome name) so fast like in the first few pages you are already hooked. I am so glad that i found this author she is amazing. the way she puts her words down and her story just flows. There aren't enough words to tell you how good this book is. The only way for you to know is to one click it. She is an author that is going somewhere. No thats wrong she is there. This chick has skills. Saxton and Kambry's story will blow you away. Then when you are finished reading you want more. Just one click. you will not regret it.

I have been patiently waiting for this book to be released and the wait was so worth it! Charisse has a way with words and definitely did not disappoint with this release. The way she tells a story is unlike others. These characters are unforgettable, they will stay with you forever! There are many reasons I absolutely loved this book, one of main reasons? Saxton! He is not your typical guy, or porn star for matter. Who doesn't love to read about a guy who is a millionaire, buys everything, has the huge glass house, does no wrong and showers his girlfriend with endless gifts? We all love to read and fantasize about those types of guys, but Saxton is even better than that! He's not flashy, he's not cocky, he is as real as it gets! He's hot, he's funny, he's down-to-earth and I can honestly say I don't think I've ever met a character in a book that I've loved more. You'll see. Kambry is a great match for him. She keeps him on his toes. Wait until you meet Kambry's friend Meredith. Oh, Meredith! One-of-a-kind! The story Charisse weaves in this book is as good as it gets! I'll admit, I had a pre-conceived idea of what it would be and I was SO pleasantly surprised! She is such a thorough writer and leaves nothing out. I finished the book with a huge sigh and was actually sad that it ended. I'm going to miss these two! And Meredith, too! I'm not one to read short books, I feel as if I get cheated out of getting to know the characters, their depth. This is a long book with great character development and a FANTASTIC story line. Get it! 1-click it! And enjoy the ride that Saxton and Kambry take you on. I definitely did!

A sexy, hot love story that showed you what happens when two total opposites attract in the most unlikely way. With Kambry being a virgin and Saxton a porn star what could happen? Oh a whole lot of connection, sex, love and most of all finding yourself. This book was so much more than a book

about sex. I felt that you get invested with the characters and want to know their story. The story was very well written, flowed well and gives you an open mind not to judge people for what they are but rather who they are. Well done Charisse! I can't wait to read what you come up with next!

I honestly did not know what to expect going in to this book. I kinda thought I might just get smut and more smut. But I got so much more. The characters are so loveable and seem real. Such a great storyline to get caught in. I loved how the Kamberly decided to live her own life and forgot what others wanted. And Saxton made porn seem so sexy. This book is different than most books. Tired of billionaires? Fighters? Motorcycle bad as\*s? Take a chance on this porn star. He might surprise you!!

Such a sweet and sexy book, I actually surprisingly loved it :) you have your good sheltered girl, her crazy as crazy can be best friend, then throw in running away to California and meeting a porn star, sounds like a good read right? Trust me it's good :) happy reading :)

This was such a great story line that kept you intrigued from start to finish. Kept you on the edge of your seat and made you not want to put your book down. It's a tale of true romance with a twist. A sweet country girl tames a playboy porn star as they make a reality TV show living together in a house for month and end up falling in love. All while her crazy best friend and roommate Meredith gives sweet Kambry pointers on how to spice up her sexy side with Saxton. I have been with the writer since the beginning and seen her writing blossom and I look forward to many more books.

I will start off with this quote from the book "Maybe that needs to come with a damn warning label: possible combustion upon wetting." Yea this is one hot book. If I am to be honest here I would tell you to grab a spare pair of panties, fresh batteries, and a rather large glass of wine. Its that good. My first thought was this was gonna be a raunchy porno type book, way off. I really enjoyed the romance story. Yea there is like lots of sex, I don't think it negatively impacted the story one bit. I really expected it, I mean if you know anything about porn you gotta know what is coming if your gonna read about a porn star, right? I loves Saxton. His character just drew me right into loving him. Not your average porn star that is for sure. Kambry is your average naive young girl, well but really sheltered. And when they get together well lots of sparks. I loved them two as a couple. The end totally rocked! and really surprised me there. Was worried I was gonna throw something. I look forward to Meredith and Ben's story Charisse. I will leave you with my two favorite lines from the

book.. enjoy! You get him in real life. A girl can at least dream and add him to her spank bank. He's fair game in fantasy land, you lucky bitch." His eyes blink repeatedly as he stares at me standing on my knees, as if he's trying to get them to focus. "Kambry? Is everything okay? What's wrong?" Instead of answering, I bend forward and grip my hands around the waistband of his briefs, exactly as Meredith told me to, and start to pull them down his hips. As she said he starts to lift off the bed, allowing me to work them over his butt. "What are you doing?" "Shhh."
