Bimbo Gaze (Fertile Nymphos Book 1)

Synopsis

“Sure,” she giggled. “I’ll do anything you say, Sir.” Everyone in town hates Ethan Prince, but he knows he doesn’t deserve their anger. All he’s ever done is try to be a good man. When he uncovers a magical secret that gifts him with a terribly erotic power, his life turns upside-down. His gaze can turn the most uptight, normal woman into his personal bimbo servant. Enormous breasts with overflowing cups full of cream. Long, shiny hair. Tiny waists and wide, fertile hips. Tall legs that go on to next year. And most importantly—a sex drive that makes them constantly hot and wet. These gorgeous bimbo beauties can only be sated by their new owner’s masculine seed. They live to obey Him, and need his thick member for erotic worship. Their new, sexy lives are dedicated to being bred and commanded exclusively by their new Owner. But he’s not the only one to change due to the secret he uncovers. The girl of his dreams, Amelia, has powers too—she’s strong, fast, and super-tough. When she decides to use these powers for good, it puts her on a collision course with Ethan—as there’s no way he can have his powers and be anything but bad.

This is the 1st book in the latest series from author Nadia Nightside. Ethan Prince looks to be one if not the most hated men in town. And the ladies he works with delight with rubbing his nose in this on a daily basis. He is hated only due to his father, nothing he did. He is working at the library and causes a mess which they send him down to the basement to fix. While down there with the boss's sister while cleaning up, he comes upon this book and when he opens it, the book changes him, fills him with this power. He gets power to entrance and change women while the boss's sister of the library gets super strength. Oh I loved what happened after the transformation and how Ethan transforms the woman he is interested in and makes them his love slaves. Then Amanda, the boss's sister is full of strength and is using her powers for good. The two do not get together but Ethan loved her before his transformation and when the book ended, they hadn't gotten together and hadn't connected so I need to know what happened to her and where they will go in the next story. This was a hot, erotic, panty melting, mind controlling read. I loved every minute of it and cannot wait for book 2 in this new series. My rating: 4.5 stars **** **I was given an ARC by the author in exchange for an honest review***

This is the the opening installment to what I am sure will be a hot new series. Ethan opens a magical book and receives the power to change females mentally and physically merely by looking into their eyes. First, his sexy coworker, Gia, is changed, then their boss, Victoria. But Amelia, Gia's even sexier sister, is present when the book is opened. She is changed too, but not like either Gia or Victoria. Nor does she receive Ethan's Power of the Gaze. Instead, she becomes more powerful than a locomotive, is able to leap tall buildings in a single bound, and is impervious to a knife thrust. In brief, she appears to have acquired the powers of Superman, or Supergirl. What will happen when Amelia finds out how Ethan has changed her sister and Victoria? That is a tale I am sure will be told in future installments. This is written in the first person from Ethan's point of view, except when the narration is switched to third person to describe what is happening to Amelia. There appear to be fewer technical errors in this work than there are in most of the author's other books. I liked this book and will be looking forward to future installments. Recommended for anyone who enjoys male dominant erotica. (I received a free advance copy for an objective review.)

I received this for a honest review. Imagine one book giving you the power to not only have power but to control others to your will. All you had to do was look at them and think what you wanted. You have sex slaves if you so choose. Well this is what it was like for his young man, Ethan Prince. He

was one that women did not find attracted but that one night in the library cleaning up changed his life. Now here he has women bowing at his feet and so willing to please at just one thought. He can have every fantasy come to life if he so chooses. I like that Ethan desired to chance the problem. He was just going to have to figure out who to fix what had happen. He did not want to take a chance in this coming back on him. He did not want questions to arise. This was a great story and glad I got a chance to read the book.

I received an advance copy for my review. I am a great fan of this author who writes mind control erotica. This book is one of her better works. The work is written from the viewpoint of a downtrodden young man who is hated by the townspeople where he grew up because of his father works. He is working at the town library as a laborer. He is blamed for causing a mess by leaving a box of old books on the floor of the library's basement which got ruined in a rain which leaked in and ruined them. He is cleaning the mess up when he finds a old book which is not ruined. The book gives him the power to make the two women in the library willfully obey him and change their bodies to suit him better. This is the same as her other books but as a male I found this book more fun to read.

Wow! I'm not sure what else I can say about this book, but I'll try! There should be an advisory on this book... Warning, so hot your kindle may start smoking. :-)

Ok so I'm a sucker for the underdog, and Ethan totally fits the bill. He is immediately likeable, which makes it easy to root for him. If you are anything like me, you'll want to reach into your kindle and smack Victoria. I was cheering when she got what she deserved! Nicely done, Ms. Nightside! I eagerly await the next installment, I need to know what happens next! ** I received a copy of this book in exchange for my honest review

**Thoughts and opinions expressed are mine and mine alone.

Never did get name of protagonist. But he is working in a library with a hot but nasty boss. Books get soaked, he gets chewed out, starts to clean up mess when he sees one book and opens it. Something happens to him and sister of fellow employee. Sister gets super strength, goes out, beats up a mugger. His new power enables him to entrance and change women. He looks a fellow employee, magically entrances her. She becomes a classic bimbo wanting to service him. Boss catches them. Boss becomes entranced and becomes bimbo to service him. Pretty hot book. Not a looking for ways to get back at women, but a he falls into power fortuitously. And uses it to feel good, obviously.
