## Believe 2 (Volume 2)

## Synopsis

John Connor has been writing poetry for most of his adult life and over the past 35 years has built up an enormous collection of inspirational poems. When his parents passed away, he noticed that something about his poetry had changed. This change led to John's poetry helping to heal and console hundreds of thousands of broken hearts and grieving families all over the world. This, John's second collection, contains over 40 poems, each in John's simple and heartfelt style. Artist Jolanta Dziok has created 10 beautiful illustrations to accompany the poems. John is donating 10% of the proceeds of this book to charity.

## Customer Reviews

Hi I hope you all enjoy my book. This is the book I always wanted to write after so much grief in my life I wanted to write a book that would give comfort and hope for all who have lost someone, Best Wishes John F Connor

Great poems. My Uncle recently lost his wife so I bought both books and looked through them first. I was so moved I gave them to him, and he has found some of them helpful and others insightful.

John Connor's poetry speaks to me as no one else's has since the death of my son, my only child, at age 21. My son died in a motorcycle accident. John's poetry helps me make some sense of what happened. Please read it for yourself.

I really enjoy this book and his poetry. I would recommend this book to anyone.

These are the Most Awesome books !! This man is Brilliant at what he does . Both the books helped me tremendously through the death of my Daddy . Buy them , you will Not regret it .

Beautiful poetry Love this book and also Volume 1. Very inspiring. Highly recommend.

A few of the items were in believe 1. Still meaningfully said and again makes me feel that I am not alone.

Very inspirational. I just lost my husband of 47 years and found it comforting.
