Customer Reviews

I received this as an ARC in exchange for an honest review. This was a great story, and this book was well written by Stacy Deanne. I loved the characters of Alexis Adams, Penelope Dao, and Kevin Reed. This book is intriguing, with some humor, and it also involves romance, mystery, and

suspense. There are several twists and turns within the story that makes it interesting. This book has some steamy and kinky sex scenes. Alexis has been gone from her home town of Tate Valley for twenty years, and when she returns, she still has feelings for her long time loveâ€”Kevin Reed, who now works for Copeland Enterprises. Alexis is a detective for Tate Valley, and she and Penelope are investigating the murder of Donovan McCoy, the son of the senior executive Benson McCoy at Copeland Enterprises. Copeland Enterprises is owned by Grant Copelandâ€”Alexisâ€™ nemesis. While Alexis is solving the McCoy murder, both she and Kevin find that they are still attracted to each other and their budding romance flourish. Also, while Alexis and Penelope are solving one murder another one occurs. This book will pique your interest. Will Alexis be able to solve the McCoy murder and the second murder? Who killed Donovan McCoy? Why is Grant Copeland her nemesisâ€”what happened? Will Alexis and Kevin be able to make this budding romance flourish for good this time?

The story is interesting but I didn't like the lead female character, Lexi. Lexi is a cop that nearly 20 years ago left her small town and moved to L.A. Returning to Tate Valley, California as a detective for the Tate Valley police, she investigates a murder of a senior executive at Copeland Enterprises. Copeland Enterprises is owned by Grant Copeland, the man Lexi feels destroyed her family. It is also the employer for her ex-boyfriend, Kevin. Lexi is obsessed with trying to pin the murder on Grant. Everyone warns her to stop the vendetta which nearly destroys her relationship with Kevin and even her partner. As the investigation continues she uncovers many lies that everyone has. There are many twists as to who possibly could have done it. The sex scenes were numerous. Lexi's irrational anger drove me to want to stop reading this book. She was too harsh, crass and too single-minded. I really loathed her character. I wish the author had made the Lexi character's anger less childish. I was provided an ARC for an honest review.

I enjoyed this book. I had not read book one, and I was fine with just reading this one. Alexis and Penelope are two police officers investigating the murder of a young man as he was attempting to rape a young lady. While this is going on, Alexis is investigating a wealthy man, Grant, in the town for a possible conspiracy. This is causing problems between Alexis and her boyfriend, Kevin that works for Grant. The book is really two stories going on at the same time, with the story of Grant to be continued. I received this book for free in return for an honest review. Now I am looking forward to the next book.

I received Chasing Forever as an ARC for an honest review. I liked the intrigue of the start of the book and was warned early that the first part of the book was at the end of this book. I am not one to read out of order and since I had to read this one out of order it made me want to stop reading this and start from the beginning, But I read thought this one anyway. I love Stacy-Deanne's writing and I loved this book. I am going to read the first part and reread the second so I can get my questions answered and eagerly await, the next book.

Chasing Forever by Stacy Deanne is a sexy exciting read and it's filled with sitting on the edge of your seat suspension. Alexis love for Kevin is budding but there is still this strong pull towards handsome Grant who just might have something to hide. If you like to read a great book with romance, steamy passion filled sex that will get you hot and bothered...oh, and the titillating suspense is real!!! Then this is the book for you. You won't be sorry and this is definitely a 5-star read!-T.H.

Chasing forever. Alexis' case in this book is really strange and takes a while to crack with a few twists. Meanwhile Alexis and Kevin's relationship is crazy. They love each other but when they are together they fight about Grant and then have makeup sex to the extreme. Alexis feels strongly that Grant is hiding something and will not rest until she knows and makes him pay for what was done to her mother.

Whoa! This book was one big rollercoaster ride!!! Kevin was the one that had me in tears from his soft guy ways and Alexis sure knew how to make him want her more and more. These two worked together even as their attraction and passion grew. Ms Deanne sure has a thing for reeling in her readers! However, yes it was intense as I got to know so much about the characters along the way. You'll be in for a dramatic twist! Def an AMAZING BOOK and I recommend.

This is my Arc review. Kevin and Alexis are dynamic couple, with obstacles in their way. Mainly Alexis' obsession with pinning a murder rap on Grant.I really wanted to give this type of book a chance, because I usually don't read books like this, now I know why. It's an ok read, but NEVER AGAIN.
