## Customer Reviews

Shawn Starr is amazing! I was impressed by his first book *Dark Infidelity*, so have been waiting nail-bitingly patiently for *Repercussions*, and he pulled it off again. This book is HOT! Blood is a force to be reckoned with . . . that is until the sexy, stubborn, daunting, and fearless Amelia becomes a greater force, balancing threats against her life, the lives of her friends, coworkers and family and a budding romance to boot, until the tides turn, because Blood isn't the only force to be reckoned with.

If you are looking for a roller coaster ride that gets down and dirty with drama, then this is the book for you. I am excited to have joined several book clubs on Facebook, because they have an open avenue to many authors you would normally never hear about let alone get a masterpiece in the aftermath. This book is hands down electrifying. I am anxiously awaiting his next book. I already have the book about the hairdresser and wandering husband (*Dark Fidelity*) and will begin reading immediately. I have another author that can get my adrenaline pumping.

Shawn Starr is A force to be reckoned with. This Young man have away that is unique with a pen. So far I have read both of his books and they are DARN good. *Repercussions* will grab your interest from the first page. All of my emotions was brought out in this book. The anger that I felt towards Blood with his ruthless behind. The hurt that you feel behind Miranda's ordeal. Shawn write his story to make you feel like his Characters are people that you really do know. I am so ok long forward to his next release.
