Customer Reviews

My goodness, this book went so fast. It could have been way longer than 100 plus pages but I loved every second of the book. It's a bit depressing that Tre can't catch a break even though he is maturing and growing. After this next installment I hope it's the last. The books are great but now it's just going in a circle with the drama and death that all surrounds Tre. Also get a professional proof reader, the typos take away from the book.

This book is a spin off of the popular series Side Chic,(Side Chic has 5 complete books in the

series) Spoiler alert in Tremain, When a Man's Fed Up , there is are major catastrophes that occur at the end of the story. Tremain's newest love interest Novie has a played out story line and that made any scenes involving her very predictable and uninteresting to me. I did purchase the book because I wanted to support La'Toyna because I loved everyone of the Side Chic books and also because I wanted to get some closure on what was to become of Tremain's life after the death of Lala but La'Tonya unfortunately did nothing to move Tremain forward and I got no closure whatsoever. Perhaps the authors is gearing up for a sequel because of all of the stories lose ends one will definitively be needed.

WHEEWWW!!!page turner Tremain said he's tiered of non-sense and it goes to show that anybody can changr if they want to...Novie needs help quick fast and a hurry, Nelle shes on an emotional roller coaster just when i thought Mina change she probably just added fuel to Kisha fire while Kisha was already mentallt breaking down only person thats really really gon suffer is Tremain if Kisha did the unthinkable to her and thens boys with him losing his father on top of that...was left on the edge of my seat part 2 me please

Read this book in about 4 hours. Great job Ms. West and congratulations on your 20th book. I am looking forward to this sequel and I hope the sequel will be longer than this book and that the sequel will be available this year . I liked how Tremain handled Novie. Tremain also showed how much he had grown by not asking or getting involved with Keisha's situation at Miss Lizzies (don't want to give away anything). Will Tremain find out about Mina and Parnell and how she added gasoline to the fire, which resulted in Lala and Tyson's deaths? Will he find out once again Mina added fuel to the fire with Keisha and Novie, which resulted in Keisha going off the deep end? How does Tremain afford to pay his rent and Keisha's and take care of 4 children? Does he have a side hustle like Corey? When and WHY did Keisha lose her job? Will there be a Crazy In Luv 3 or are you answering all the questions regarding Corey and Nelle in this series?

Omg this read was so good La'tonya you did that girl...I can't believe how pettey Kisha really are. I mean I know that she was acting out cause she was hurt but for her to do them kids like that. And Mina she just pisses me off that heffa is so cruel and she aint gon never change I hope karma really comes back and bite her in the ass. After all that she then been through you would think that she have learn down the line but we all knows that mina is going to be mina and I hope Tre finds out everything what she have done you gotta exposed that to Tre in part 2 I can't wait til part 2 hurry

hurry La'tonya but I will patiently wait cause im ready to see what my boo thrill will be about. this was indeed a page turner.

Kisha is headed in a tailspin while Tremaine "Tre" is trying to get his life back on track with his children. Drama continues to plague him, but the latest events that transpired at the end of the book, how will Tremaine overcome it all? This book was more of an addition to the Side Chic's series. It wasn't really about Tre. It kept my interest, but at times, I was tired of Kisha and her drama, and the story dragged a little..I would still recommend.

Could not wait fir this book to drop and now I'm mad that I finished reading it. Ms. West did her thing once again! This book was ALL that and then some. Mina Mina Mina, mind your business, I thought you learned that by now. She caused something in motion when she should of minded her business. I hope Nelle is going to be ok and leave her trifling husband for good. Dang Kisha, she was way worst off than I thought. I hope everyone will be ok in the next one, especially the boys. I hope you don't have us waiting to long for the next part to this. GREAT book!MIAMOR

This book really had me on the edge on every page! Tre got some cool points in this book but he also is in alot of pain I wanted to throw my phone too many times reading this but I'm Happy Tre story was written it made you look at How females really act towards their kids father when you see their trying their best I wish it had more stars because this book deserve it all!!
