Beautiful Chaos

Synopsis

Chaos is not pretty it is like feeling a hundred things, hearing a hundred voices, and somewhere in the riot we tend to lose ourselves and lose direction in our heads. This book is the truth, it is everything we have been feeling and running away from for so long.

Book Information

Paperback: 238 pages

Customer Reviews

I had only found out about Robert M. Drake by stumbling upon his Instagram page (rmdrk), what a happy accident. Then, I had found out he had written books, so I decided I needed to get my hands on at least one of them. This book in particular is a hauntingly beautiful collection of poems and thoughts. It draws you into his mentality and makes you never want to leave. He writes of love and life so passionately, as if the emotion and experience are sacred things to be treasured at all times. It is quite short, so I finished in one sitting, but it left a huge impression. The way he strings words together are just so breathtaking. At this point, I'm just about willing to read anything he writes. By the end, if I had to choose one word to describe this gorgeousness of a book it would be *pretty*. • It is just so pretty. - Bianca B.

I spent money on this, which I could've set on fire for a more purposeful expenditure. Speaking of burning things, let's read one of his poems. "Burn away and burn every burning sorrow that burns you like a burning star and awaken all that you would burn for to burn away every burning star." I don't know about you, but I have a headache now. Someone give this guy a thesaurus, please. Also, one of the best poems of the book: "And every magic moment brought her closer to her

dreams."That is not a complete sentence nor is it poetry. I'm really disappointed with this book. It got so much praise that I thought it would have been good. I couldn't stomach anymore, so I stopped before I hit the end. Maybe there's a few gold nuggets in there, but you have to dig through some awful stuff to find it. I didn't find any.

it's like reading your own questions, bemusings and thoughts out loud. Love the open, non-steering way of writing as much as the dark and rough edges in some poems.

Since I first saw this title, I thought it would be a good book. I was wrong. It is a great book! Robert M. Drake seems not to talk with words, but rather imagination and feeling. He compares little things we skim over to things like oceans and stars.

the availability, pricing and shipping of this product were great. the book itself is great! i have it on my coffee table at home available for everyone to experience RM Drake's writing..

It has been a long time since I have read contemporary poetry that actually spoke to me. I really enjoyed this collection and at times had to slow myself down because poetry isn't meant to be read quickly.

Absolutely amazing. Deep and beautiful writing. I recommend this book, I look forward to reading his other work.

I chanced upon Robert M Drake's works on Instagram and fell in love with the snippets of his poems. I badly wanted a copy of his books, so when I finally have one in my hands I devoured it like crazy. Why did I only give it three stars? Let's just say I expected too much, and I was not super impressed of the contents of this book. It wasn't as lyrical as I hoped it to be. But I did enjoy it, and would like to read more of his works and see how his talent develops and evolves through time. Here are some of my favorites: In The Eyes One day you will make peace with your demons, and the chaos in your heart will settle flat. And maybe for the first time in your life... Life will smile right back at you and welcome you home. Look Deeper xxx do not be afraid when the stars collide towards the darkness, because sometimes, the most beautiful things begin in chaos.
