Customer Reviews

Not as spooky as the Famous Five series but still a good value read for the younger kids to begin with

Secret seven books are awesome to me my kindle fire has this book and the 4th in real life I have 1'2 and 3.

Hi my name is Ella and my name is certainly not Peter at all. Whenever I rate books on my kindle it will post as Peter. This book was quite exciting for me because each secret seven had to shadow a

person on the street and that was pretty scary if I was doing it by myself. George, one of their secret seven group got in trouble by a policeman by shadowing someone in the dark. He told the group that he couldn't join any meetings anymore with them. Peter, Colin, Jack and George solve the mystery and they tell the police what had happened... Find out

THE "SECRET SEVEN" SERIES THEY ARE THE BEST FOR A FIRST READ! Enid's early works include the "Secret Seven Society" books featuring Peter (the society's leader), Janet (Peter's sister), Jack, Barbara, George, Pam and Colin. They were the catalyst which encouraged me to start reading more than 50 years ago. Thank you, Enid. The BBC, many public libraries, local authorities and alleged educational experts have been completely wrong about the worth of the Blyton works. I can remember having substantial difficulty obtaining the original versions of the books. Quite a few shops would not stock them then but they were wonderful stories for teenagers! The tales are great to read for their simplicity and straightforwardness. When one did find copies of the book they were quite expensive all those years ago but great to own. I loved the physical appearance of the books as well which I treasured as a youngster with the way in which the books were produced then making them somehow much easier to read. It's a delight to read these stories of adventure again in middle age although recent editing has diminished some of the memories I have of the original editions and words used then (but I am now getting old). Never mind | these books remain one of my best friends for life: they began my own reading adventure so do read these special adventures of the Secret Seven Society for yourselves.
