Blindfold Fantasy: A Novel Menage

Synopsis

One blindfold. One woman's deepest fantasy. Two men with an innocent scheme that changes all their lives. Forever. Playing by the rules is Jayne's only rule when it comes to life and love, and for good reason. The one and only time she throws caution to the wind, embracing her inner freak and her deepest fantasy, she gets much more than she bargains for. On the first day at her new job, she is mortified to discover that her sexy new boss, Blake Travers, is the same man with whom she let her freak flag fly one sultry Vegas night. Or so she thinks. Irresistible CEO, Devin Kirk, was only doing his best friend, Blake, a favor by agreeing to spend one hot night with a woman he'd never see again, fulfilling her blindfold fantasy. Since they were both wearing blindfolds, she'd never know the difference, right? What he didn't count on was having the best night of his life. When the blindfolds come off, and the truth is revealed, Jayne, Blake and Devin find their hearts in a tangled knot they're not certain they want to untie. Is three a crowd, or can they give their unconventional affair a chance to become the kind of love they never dreamed possible? HEAT WARNING:

Customer Reviews

I will preface this review with the fact that I absolutely love DL Roan. I fell in love with her Second Chances and Second Nature books last year and I just knew I was in for a treat when I got the synopsis and teasers for this one. After reading this book, I can safely say that she isn't a one-trick pony. She can write! She has the ability to wind you up and set you off in such an erotic and sexy way. To say that I felt honored to be able to be a part of her tour for this book would be an understatement. DL really can write a super steamy, sexy HOT ménage scene...but reading this book, I can see the intense sensuality that played out in this one. This book was such a good, sensual and sexy read. It just was. Oh my gosh! To see a guy that goes into this "fantasy" half-hearted, but comes out deeply affected, yep. DL did THAT. To ME. But on top of all that, I got a good laugh too. For a book to be so intense yet you can still laugh and not pull away from the intense feelings, that was awesome writing on her part. I laughed, I swooned, I lusted (I may be married, but I'm not dead!) and I felt the pain | all the emotions they felt, I felt. This book was amazing. To set it up, based on the synopsis alone...Jayne has a super outgoing best friend in Roxy. Roxy lives life and enjoys it and they have been the best of friends for years. They have taken care of each other through all their hard times and they are pretty much sisters. To celebrate Jayne's new big job, Roxy wants to celebrate BIG TIME "Las Vegas style BIG. Jayne is so safe. Quietly beautiful, even though she doesn't know it, she is always safe in her decisions in life. Roxy is the one that adds the spice of life to her life!
