## Customer Reviews

The story is not horrible if you are looking for an alpha biker story. What ruined this story for me was the h. It was so unbelievably annoying to read how many times she would say one thing and do another. For example, early in the book, after a very big betrayal by the H, the h is waiting to eat

with a character. The H shows up instead and the h says that she is leaving, but stays. Then it was I am not eating with you, right after she eats what he orders her. There are many examples like that that drove me insane. The most aggravating one happened later in the book after an even bigger betrayal. The h says "I am not going to forgive you, I am not a doormat". She says this while half naked in the H's bed two paragraphs before they agree to move back in together. I wish authors would learn that readers need to SHOW the h actually not being a doormat by her BEHAVIOR. If the authors or the h say she is not a door matt but then acts like a doormat, THEN SHE IS A DOORMAT!!! It was so unbelievably annoying. But what was more vexing is how big the two betrayals were in the book, especially the last considering what the h had already been through, and how quickly the h caves into the H.\*\*\*Spoiler\*\*\* There was a lack of resolution to the fact that the H choose his gang over the h. Instead of the H standing up to for her, he too set out to willingly and intentionally hurt and humiliate the h in the most painful way possible to her. The end lacked a moment where the H realized his error. He never realized that the h should always be his priority, that is love. Apparently his love for his friends trumpeted the h because he never regretted his decision, just that she had to be hurt. Essentially, he would make the same decision again if he had to.

I read at least a book a day. This is the first time I have written a review but I felt that disturbed after reading this book. I have to at least vent.Spoiler Alert:I know a bit about Motorcycle Clubs, this read more like a communal-sex-club.It is not believable that the minister being attracted to Beth and knowing her scarred background would encourage Razor to pursue her. He knew Razor; he knew what went on at the club. He knew it was a lifestyle with no fidelity to one person. Friday night was "party" night which always included public sex and orgies.The h gives the H a precious gift and he barely acknowledges it. That would have been a great place to give us something to like about him.I think the author could have come up with a much more believable reason as to why they ignored Beth when she was in the hospital. When Beth came to the club the scene with Razor and Bliss was just wrong. WTF! The explanation as to why he was behaving the way he was just did not seem justified. I could not get past that act. The tattoo was cute but did not in anyway remove the horror of, once again, finding him with someone else. She had already seen him with several other people. I know there has to angst between H and h but that was overkill.It would have been nice to see at least one monogamous couple living at the clubhouse. Why would Beth want to live there? It also would have made more sense, to me, if Beth said she wanted to be at the clubhouse on Friday nights, showing she may not want to share herself or Razor with other people but she did enjoy

voyeurism. The fact Razor insisted they would be there Friday nights showed he was giving up very little for the relationship but Beth was to live at the club most of the time.

I really hate rating a book under three stars, knowing the author put a lot of time and effort into writing it, but this story was difficult to read to the end. I felt like every stereotype was thrown into this book. It's filled with unlikeable characters and unreal situations. Also, it needs some light editing. Our heroine, Beth, was raised by a preacher who pounded the fear of religion into her so we understand why she is an uptight young woman. One minute she is the product of her upbringing, shocked at a motorcycle club's (MC) party and the next, she's okay with it because she has feelings for the Hero, Razer. Razer was my biggest problem with this book - he is a cruel and nasty man. I know, some Heros start out as some version of this but Razer is just plain slime and who wants a piece of that?! Beth has no self respect and I cringed when reading sections. She's one of those girls that you just want to hug and tell her she's worth so much more. Most of the people portrayed in this book were characterchures. Another huge issue was the level of unbelievable events contained in this story. The MC is really made up of college educated members who have a law abiding business, nothing illegal, they just like to act like tough guys? Not true. Their thing is all about sexual freedom and even though they treat women like dirt they are really respectful underneath it all. I didn't buy this argument. And if the the women are like sisters and there's no jealousy just the love of sexual expression, why do they all hate Sam so much? since Sam is all about the sex. How did Razer think that Beth, who looked and acted uptight from the moment he met her, would be okay with orgies? Not buying this either, Razer just didn't care.
