# My Craziest Adventures With God - Volume 1: The Spiritual Journal Of A Former Atheist Paramedic

## Synopsis

Does God speak today? Would He heal the sick or work miracles through youâ€”even if you feel an average or not particularly gifted? Not long ago, Praying Medic was an average guy who sat in a church pew every Sunday wondering if there was more to the Christian life than this. After losing his job, being divorced and being kicked out of his church, it seemed like his entire world was going up in flames. Then one night in a dream, God asked him to pray for his patients. When he awoke in the morning he knew nothing would ever be the same. Come along on these intriguing adventures as an ordinary paramedic confronts his own skepticism and fear and learns how to hear the voice of God. Get to know Praying Medic, the author, right from the stories in his personal spiritual diary. Watch as he learns how to pray for his patients and for strangers in the marketplace. You may find yourself laughing one minute and crying the next as God's goodness and sense of humor are revealed in these true stories. And you'll witness the transformational power of God as it changes a hardened skeptic into a man of real faith. These true stories won't just encourage you—they'll act as a guidebook on how to live daily in the fullness of God's kingdom.

## Customer Reviews

I love the candor of this author and the fact that although he thought he was doing what he believed the Lord was asking to do (praying for people to be healed) it didn't happen for a long time. I also love that he is just a working guy being who he is where he is and seeing God show up with acts of love and kindness. He has no title, no seminary degrees, no entourage, no publicity team and no offering envelopes to hand out. He's just like the rest of us. The folks whose stories are shared here are also just folks like the rest of us. But both the author and the people in this book have had encounters with the living God, and that's not theoretical love; that's a demonstration of love. The book is an easy read and feels like one could be sitting at the coffee shop with a friend, just listening to stories -- and getting inspired and built up in faith by examples of the goodness of God.

I hadn't finished the third chapter before I needed to get up and run around the house a few times. This book had so revved me up that I had to run, I had to shout, I had to do SOMETHING!! I'm a great fan of testimonies ("This is what God did!"), and this book is thick with excellent testimonies. But they're not just naked testimonies: they're wrapped in the lives of real people, real situations, who learn real lessons along the way, and that helps me learn from them!

The Praying Medic shares his real life experiences about God's healing with us. Not about church, not about religion, this is a multiple experience testimony about God's love and provision out in the everyday world, where Jesus shows up right where someone is at the time.

I read this right on the heels of his last book and it does not disappoint. I had a hard time putting it down. Full of anecdotes, there is less formal "teaching" than the first book yet there are many good truth nuggets to pick up and remember. Most importantly, it has encouraged me and increased my faith to see people healed when I pray with them. I have already tried his "techniques" and have seen the fruit! And I prayed just now that God would send more people my way so I could pray too!

This book continues on where this author's last one left off - but it is still sufficiently substantial to be a stand-alone-great-book. The stories keep coming - one after another - each one greater and more beautiful. The author truly tells enough of his insight and techniques to get anybody started in healing strangers and friends.

Enjoyed reading the entire book this evening, found it to be encouraging with faith building stories of Divine Healing. My desire is to become like PM and walk with the Holy Spirit and heal all those wanting it.

The normal Christian life. His experiences, documented in this book, demonstrate Kingdom Life, the love of God for us, the superiority of His Kingdom, the manifestation of the Christ in us life. Stay tuned there is more to come!

Every page gives you an excitement of what God is doing and what you can do too. The book is filled with story after story of people being touched by Papas power and love. I found myself smiling so many times. Although mostly focused on PMs adventures at work he also brings in brings in some wonderful stories about his relationship with his beautiful wife and some fun ones regarding manifestations of Papas glory in the form of gold dust. These examples are simply a continuation of Acts for us today. This being the season of giving would make a great gift to anybody.
