Cameron 5

Synopsis

ANOTHER CLASSIC BY BESTSELLING AUTHOR JADE JONES
The stakes are at an all-time high in *Cameron 5*. When Jude is presented with a responsibility that is both a blessing and a curse, he is forced to choose which is more important: money or loyalty. Being associated with one of the world's largest car theft rings was not what Cameron had bargained for after deciding to move down South. Unfortunately, it seems as if she traded one problem for another. With constant obstacles testing Cameron's marriage—like a crazed ex and a husband drunk off power, she'll find out if her love is strong enough to survive through it all. With more money comes more problems, and even more enemies. Will Cameron and Jude make it out with a few bruises or will they crumble beneath the weight of it all?

I will give a props to Jade Jones. This is my ninth book reading from her. She takes her time to writing this book. She is a good and wonderful writer. She did a good job. Her book is never disappointed me but her book always keep me awake and make me laugh. *Cameron 5* is a good

book. I enjoyed reading this book. I like the concept and vibe in this book. It is well-written and well characters. Cameron, Jude, Jag, Jag's brother, King, Roxie, and Champion are the main characters of this book. Jude a good father and good man to Cameron and his son. He is provider and taking care of his family. He is independent and intelligent man. I will give a prop to him. I could related to Cameron because we are both a hardheaded, stubborn, independent and strong woman. She is a good woman to Jude. I don't understand Rumor's character. I like Jag in this book. I wish I could continue read more about Cameron and the rest of characters in this book but it's sad. If you haven't read this book, I recommend that you should get copy and start reading it because Cameron 5 is a good. I choose the rating is 20 stars because both author and Cameron deserved the 20 stars from me. I am looking forward reading another book from this author. Good Job: Sandra

All I can say is wow Jade you did your thing I love Jude & Cam together at one point I was mad at them but in the end you prove me wrong, I hate to see the series end, but all good things come to an end and this was one of them, I can't wait to read your next books to come.

Started our really enjoying it, the last book was good but frustrating and this one was more of the same. Cameron and Jude making the same mistakes and then acting as if nothing has happened. Who does that? Betrayal is betrayal who in their right mind just looks past it like it didn't happen and thinks it won't happen again. I know they say Kobe is blind but it's not that damn blind new come on. The book just got to the point where the relationship wasn't really believable anymore. To top it off Jude keeps Jag around and actually refers to him as a brother. I mean come on yeah right. Disappointed in how this series ended for all that it should have ended after the third book it would have been soooo much better. These last two books just didn't go well at all and this last one was so far from the others it was just sad.

Great Book I would recommend the whole Cameron series to anyone. I wasn't' for sure if Cameron & Jude would make it through all their trials & tribulations they were tested for sure. But they loved each other through it all. Great series!! Fantastic read!!

I loved the Cameron series, and I am sad that it has come to an end. Jade Jones did a great job tying together loose ends in this book, and I love her well developed characters. I highly recommend this series!

First I have to say, this was a very good series and the story definitely kept my interest throughout. With that being said... I'm so glad this series is over. Cameron & Jude have to be the worst "couple" I've ever read about in a series. They went through 5 books of bull_____ and still couldn't get it right. I've really never had any respect for Cameron at all, but I did at one time respected Jude. Now, I can't even explain how disgusted I am with both of them. I read a few of the reviews before I bought the final book and almost every one were talking about how much they matured and how they finally got things right. That was total BULL_____!!! Cameron is just a nasty, disrespectful lady. And I call her a lady very loosely. I mean, think about it. In the 5 books that were written, she spread her legs for at least 5 different men. I'm not going to tell the story, but she is the lowest of the low. I mean, her husband is on his deathbed for goodness sake. And Jude is just weak and dumb. He's dumb because he continues to put his family (his son) in danger with the lifestyle he lives. He's weak because he continues to allow Cameron to lead him around by his nose and make a fool out of him. They claim they love each other and they don't want to live without the other but I can't see where the love is coming from. I truly believe that Jude loves Cameron but when has she really ever shown her love for Jude. I'm glad that this series is over but I'm aware of the spin-off series that follows. I don't think that I'll be taking part in reading what happens next. I have no interest. From what I can tell, it's just going to prove my point about Cameron. Well done on writing this series, Jade Jones. For me to go through all these emotions while reading this series only proves how talented you really are as a writer. Although I'm done with Cameron & Jude, I will be reading your other novels. Thank you for sharing your work.

Ok now Jade.... No lie you had me in my feelings but by the end I was all smiles... I won't spoil anything but I love this series and I'm gonna miss Cam&Jude... Y'all sleeping on my girl Jade if y'all ain't copped this series... You won't be disappointed from book 1-5.. Trust me..

I'm done with this ghetto mess. Do you have an editor? I had to put this book down after I read, "Thanks to her mother, who was half caucasian, her hair grew back incredibly fast." Um what? Being white has nothing to do with hair growth speed. Black people grow hair at the same rate as every other humans. You just cant tell because our hair shrinks because of the tight curls. Statements like this and incorrect usage and over usage of adjectives made me not want to read this anymore. Dont get me wrong, I thought it was good in the beginning because of the storyline so I overlooked certain things but now I cant take it.
