Flawless 3: The Finale

Synopsis

Lord, protect me from my friends because I can handle my enemies. Romeo had high hopes of flourishing from his illegal but prosperous business...He never bargained for falling in love unexpectedly along the way. Shayla was everything he was not; the total opposite of hard-edged and callous. And while Romeo was the bad boy her mama had warned her about, she still loved him despite his many flaws. All odds were stacked against them, especially considering their blatant differences. With vengeful exes still in the picture and enemies from the past lurking in the shadows, can this unlikely couple overcome the obstacles they're faced with...or will they ultimately crash and burn? Desmond just wants to be happy with the woman of his dreams, but his baby mama Dana is not having it. There is no limit to the things she'll do to wedge him and Kimberlyn apart. If dealing with Desmond's crazy ex isn't enough, Kim really has her hands full when a former finance pops up out of the blue. Follow these couples' journey as they take you on an emotional rollercoaster in the final installment of "Flawless".

Flawless 3 does not disappoint! It picked up right from the last book and was action packed from

beginning to end. The characters were well developed and I was able to connect with them, which is a plus. I think we all know girls like Kimberlyn & Shayla; and can probably relate to them in many of the situations they were in. However, Kimberlyn made me want to jump in the story and knock some sense into her! Lol! I also enjoyed the introduction of Liberty and Apollo & hope to read more of their story.

WOW!!!! This entire series had so much drama, infidelity, and death I thought I was in a movie. Jade Jones definitely has that IT factor when it comes to creating an seemingly realistic tale of fiction. I loved and hated these character, and the things they did made me scream. I rooted for them. I cried with them. I became so emotional as I read . I was never bored. This was a really good series. You won't be disappointed!

Lots of action interesting characters and storylines, and a well written narrative. However, I was disappointment that this was not really the final installment. Some of the main characters had some of their issues resolved but some, two in particular, were not resolved. They are continued in another installment with a different title and an additional writer. I am looking for the next installment.

I love every book that you write you really know how to keep the suspense flowing and keep the people who suppose to be together together. this book was good from beginning to end and since I'm so nosey I'm about to read the next trilogy. keep doing an excellent job as always your biggest fan

This was a great ending I hate that Dana had to die the way that she did. But you should always learn to let go. Also never forget your enemies but in the end everything worked out. Wow this was a great book keep up the good job.

First let me say.....I didn't think the series could get any better but Ms. Jones proved me wrong!!! It was full of suspense and action. I'm glad some people got what they finally deserved and was a little shocked at who was out to get Des.....Glad it ended with a bang and can't wait to read about Liberty, Quay and Apollo!

From the beginning to the end i was on edge! Never was there a dull moment. I didnt rush or skip any pages. First off let me say this both couples had me holding my breath with there little secrets.

The crazy ex's were something else as well SMH. But that ending WOWZERS. Oh yes
#TeamApollo
