# Pregnant: He's Married To My Best Friend

## Synopsis

Kiara Jones thought that love would be the answer to all of her problems. Sheâ™s never been in a successful relationship. If beauty and brains was all she needed, then why was she lonely. Here she was, a 27-year-old successful black woman with her own career, a house, and car but no one to share it with. Men were constantly leaving in and out of her life with excuse after excuse. Several yearsâ™ prior, Kiaraâ™s cousin Whitney came to town and forced Kiara and her BFF Princess to a part of town that is rumored to be run by a big drug lord who goes by the name of Gino. Whitney introduces Princess and Kiara to her boyfriend Ryan and his homeboy Gino. Gino is a bad boy but Kiara is captivated by him. They began spending a lot of time together and for years they snuck around seeing each other whenever they could. The only issue is that heâ™s married--and to whom you might ask? Gino is married to Kiaraâ™s BFF Princess and has been for the past 3 years. This was not something that happened intentionally she simply thought that she had found love. Like a fool she quit her job and let Gino support her financially. Gino made promises that heâ™d leave Princess (27 years old) and that he wanted to move far away and start a family with Kiara. She thought sheâ™d found her prince charming and was expecting a baby in 7 months. A doctorâ™s appointment in fact confirmed that she is currently 2 months pregnant. After telling Gino the news she thought heâ™d be happy but he gave her the money to abort the child and broke things off with her. Gino is very powerful and everyone does exactly what he says. He froze her bank accounts, took back the car he bought her and also stopped paying her rent. Now Kiara must decide what decision is right for her. Months later after discovering that Kiara had not gone through with the abortion Gino decided to change his life around and do what was best which is be in his childâ™s life. But the last thing on her mind was getting back with him. She had a new love life with Dominic, a guy she moved in with after seeing a roommate needed • posters plastered all around town. She had no choice but to move once Gino got her evicted. Kiara and Dominic hated each other guts but began to bond when Dominic saves her life by shielding her from a bullet at a house party. He was there for her throughout her entire pregnancy and in the delivery room. Neither of them expected Gino to show up in the delivery room. After finding out about her husbandâ™s infidelities with her very own best friend, Princess made it her mission to get Kiara out of the picture any way she possibly could even if that meant committing murder. Getting blood on her hands didnâ™t sound like such a bad idea in her opinion. Kiara would pay!

## **Customer Reviews**

I didn't even read the book to know what happened in the end, the description of the book was a little TOO descriptive, gave away a little too much and lacked the suspense that would have lured me to read it.

First I would like to say that I support all black authors of various backgrounds. However, with that being said this Book was rushed and complete bs. The characters were not well developed and the timeframe in which things happened were presented as summaries and not past experiences. I don't believe that I will give this author another chance. I believe editing and a clear well thought out outline is needed in order to increase the authors fan base.

First off it was so rushed. Things were happening and I was trying to figure out how this person got with that person all of a sudden and how they got from here to there. She needs more practice and give details in her book. Reading is something that we use our imagination with, how can we do that when your not really giving us nothing to imagine. This is terrible

What a good read this book was very good and exciting and I couldn't put it down for nothing I started reading this book about two hours ago and I'm sad it ended but hopefully I won't have to wait for part 2 too long.... if you haven't read this book then let me tell you it is all that.

This book has as much depth as a cup of water. No structure all over the place and the characters weren't defined enough. 2 of the characters met and fell in love without any sustainable reason. Too rushed and stories were unblinded. Next

WOW this book was well written...no mistakes had a great story line with a crazy finish. I loved it, it told a story I surely recommend this book to all book lovers who like a great story, getting ready to one click Part 2

The book had a good story line and plot but the author's use of language didn't make sense. The word acquired used in all books in error instead of inquired. The use of whilst instead of while, emerged instead of went, orbs instead of eyes. It was like the author was trying too hard. In addition, the chapters felt rushed. What was the hurry? The author could have slowed down and provided more history on the characters and painted a better visual for readers.

Pregnant was a great read. I really enjoyed the book from beginning to end. I'd highly recommend this book to friends & family. I couldn't stop reading it. Ms. Tammy did her thing and excited to know what else she has in her brilliant mind of hers.
