# Special Delivery: BWWM Pregnancy Romance

## Synopsis

He's late delivering her pizza, but just on time to deliver her baby! Stephanie Nine months pregnant, recently widowed, and craving a double mushroom and extra sauce pizza. If that's not bad enough, a handsome med-student who is late delivering my favorite comfort food finally arrives just as my water breaks. Not the beginning of your usual love story, I know. There's something about Daniel, though. He's white and privileged, a thousand miles from my world. After he delivers my baby, we start to spend time together. After the baby's father died in Afghanistan, I told myself I'd never love again, but Daniel is just so sexy and sweet. I can't resist him! Daniell never would have dreamed that delivering pizza would drop the world's most perfect woman in my path. Working my side job brought me and Stephanie together, but then she went into labor in my arms. As a first year med-student, my medical knowledge really saved the day. She's a gorgeous dark-skinned princess, so different from every other woman I've ever met! Over time, checking up on her turns into more. She's all alone in the world, a beautiful grieving widow with a gorgeous new son. Our bond turns passionate and hot, and I know I need to find a way to make Stephanie mine. She might drive me nuts sometimes, but I've fallen hard for her and Danny, her new baby. Yeah, she named him after me. Am I strong enough to heal Stephanie, body and soul, so that I can make her mine forever? NOTE: This is a full-length BWWM pregnancy romance novel of roughly 48,000 words. It includes equal parts sexy and sweet. Guaranteed happily ever after ending (HEA), and absolutely no cliffhanger! "100% satisfying interracial romance book. Includes bonus novel "Slices" for free.

## Customer Reviews

It was a cute story line, and the characters were sweet if not a bit naive. Stephanie and Daniel just happened to be at the right place at the right time, and that situation seemed to keep happening throughout the story, from mishaps to misunderstandings, to the way he seemed to always slide in at the last second. The writing is a bit predictable, but the story was the kind of HEA that I needed at the moment. There are a few sexy scenes that fit in where they were written. All in all, it was a nice story, a nice afternoon read. I think at this point in her career, the author's writing should have matured a bit more. But I liked the story.

\*\* I received this book for an honest ARC review\*\* I generally enjoy reading books by this author, but this one didn't keep my interest. It was a little slow moving. I also do not like pregnancy novels, but the summary of this book was intriguing. The characters were relatable but didn't stand out. The whole starfish thing was a bit ridiculous. The ending was stereotypical. The book was well written it just wasn't my cup of tea. I will keep reading books by Ms Black but will stay away from the pregnancy genre.

A very sweet heartwarming book to read and I really did enjoy reading this book. The story-line and plot is well written with just enough drama, adventure, emotional feeling, love and mild erotic scenes in to keep my attention. The characters are fairly well developed with a touch of naivety. This book ends with a HEA. "I was provided with a complimentary copy of this book so I could give an honest review."

I typically love baby stories. I did not love this story but I did not hate it either. The characters needed more. The story was very predictable. It seemed like the spark was missing in this story. The story was not bad. There is a HEA. It is hard for me to explain, but I feel like it was pretty one-dimensional and just needs a little more tlc. It does make for a sweet, easy read.

This was a sweet love story. Sometimes I could tell where the story was going but it did not ruin the story for me. The characters were sweet even though a little naive but I enjoy a book with a happily ever after. I do think if you like a sweet romantic book you will enjoy this. Receive an arc for honest review.

I received a free ARC copy for my honest review. I couldn't wait to read this book because it sounded like it would be a good book. It was a good book but took a while to get where I know it was going and got kind of boring at times. It had some really funny parts and a few sexy parts but just kind of took a long time to get there.

I received an ARC of this book in exchange for my honest review. I actually couldn't get past some parts at the beginning. For one, a med student that calls her vagina a "starfish"?! I don't like leaving reviews on books I don't finish, but it's part of the ARC process.

I received an arc of this book in exchange for an honest review. This is the second book that I have read by Tamara Black. It was a little slow for me. I took me a couple chapters to get into it. I can't wait to read more books by Black. I will recommend this book.
