Farmacología (Lippincott's Illustrated Reviews Series) (Spanish Edition)

Synopsis

La 5.ª edición de Lippincott's Illustrated Reviews: Farmacología ofrece al lector la posibilidad de un acceso rápido a los contenidos y de asimilar grandes cantidades de información compleja sobre los principios de la farmacología médica. Se presenta una descripción clara y secuencial de los mecanismos de acción reales, que muestra a los estudiantes cómo actúan los fármacos, en lugar de sólo explicarlo. Como en ediciones anteriores, la obra se presenta en un formato de esquema, con más de 500 ilustraciones a todo color y referencias cruzadas a otros volúmenes de la serie. El texto impreso presenta más de 170 preguntas (3-4 por capítulo) para revisiones frecuentes y preguntas con autocorrección. El contenido se ha actualizado de forma minuciosa y se ha añadido un nuevo capítulo dedicado a la toxicología.

Customer Reviews

I was very excited about the book and it's presentation in hardcover but i get the regular version.... A little dissapointed. But i really love the book

El libro es muy específico y está bien organizado, fácil de leer. Va directo a lo que se debe saber. Muy Bueno, lo recomiendo!

GREAT PRODUCT!!!!!!! everthing as described, I will def. order more often. Since, the price and product are great!. must have
