# The Billionaire's Pet (A 'Scandals Of The Bad Boy Billionaires' Romance)

## Synopsis

Abigail was in big trouble. The biggest. Running out of time, I turned to him. Jacob Winters promised he'd solve all my problems. All I had to do was become his pet. With some men, that kind of deal might have been a nightmare. Jacob Winters was a dream come true. I was raised to be a lady, not a man's plaything. But with Jacob, I almost had it all; pleasure like I'd never known and protection from the danger stalking me. Was it greedy to want more? I had his body, but I wanted his heart. I told myself it was just sex. We were providing each other a mutual service, nothing more. Right? I couldn't possibly be foolish enough to fall in love with him. Jacob must have been crazy. I'd wanted Abigail for years, I won't deny it. But I don't pursue married women, and her husband was a disaster waiting to happen. Everything about Abigail warned me to steer clear, including the lady herself. Some women might cheat, but not her. Abigail was too noble for her own good. Beautiful and untouchable. Then her husband was murdered and every dark shadow he'd held back came after Abigail at once. She was on the run, and I was the only man who could save her. The best things come to men who wait, and I'd been waiting. Abigail was mine. I didn't want a girlfriend. I definitely didn't need a wife. I just wanted her. In my home. In my bed. I was going to own every inch of her elegantly curved body. I'd keep her for as long as I wanted her, and then we'd both walk away. What could possibly go wrong? *The Billionaire's Pet* is a standalone romance with a happy ending. It's the third book in the *Scandals of the Bad Boy Billionaires* series, and reveals more about the notorious men of the Winters family. You can read it on its own, everything you need to know from the first book is explained, but once you get a taste of the Winters men you'll want to read the others ;}

## Customer Reviews

It started out kinky but quickly moderated into a suspenseful love story. The characters were likeable and the book well-written. The villain was totally evil and got what he deserved. As part of a series I wished I'd started with book one first. The cast of characters are all interesting and I look forward to reading more by this author.

Page turner from page one!!! Ms. Layne crafted a well composed story with mystery, steamy chemistry between the main characters, intermingled with the co-characters. I just finished reading this. Couldn't put it down. I was kept on the edge of my seat. Jacob & Abigail's story was truly endearing. And as the story unfolds.....the sex isn't just sex.....but the joining of two souls who love each other. And, I want to know the other's stories. You won't be disappointed with this one.....some I don't say often.

Jacob Winters thinks he's making such a deal with Abigail--her safety and her mother's care in exchange for her being his pet. He doesn't realize that what he'll end up giving is a lot more. Nice suspense with a reminder of his family's own scandalous misfortune as well as the threat to Abigail's future.

I have read all three books in this series, but the Billionaire's pet is the best yet. I love how the hero and heroine play off each other. The sex scenes are just the right kind of steamy. The story includes all the Winter's men that we have met so far and those we haven't. Makes me impatient to read their story and find out who is behind the murders of their parents. Good job Ivy!

This was my first book by Ivy and I really look forward to reading more in the future by this author. The talent this author shows will keep you completely engrossed in this book. I was hooked to this

book because the author did an amazing job with the story line, the characters, the scenes this author describes, the dialogue between the characters is amusing to say the least. I don't think you could find a better couple than Abigail and Jacob for sure. My heart clenched and I could feel the emotions of the characters throughout the book. Their love story is not without a few bumps in the road to find their happy ending but the journey is one that you will love. I highly recommend this read and hope to read more by Ivy in the near future.

I loved Jacob and Abigail's story. Their characters were intelligent without those silly moments. The pacing was good. The story never dragged. If you want to read a good story then this is it. For Ms Layne..... I really would like to read an Aiden story! Those strong quiet men are usually the best.

I received an ARC for an honest review of this book. I was so happy that it was a complete story with no cliff hangers. I also really liked that we got to see some of the characters from other Ivy Lane books. I can see how she is creating a whole world of characters that are connected by family or friend. Now back to the story. I was turned off at first by the title and how it started because I was not sure how I felt about reading a story about dominance and submission. However, I decided to push through the story and was pleasantly surprised to find the familiar author that I am used to (Alexa Wilder). Although the book does have some themes of dominance and submission in the beginning of the story due to the arrangement that Abigail willingly made with Jacob; it was short lived as Jacob began to realize how much he cared for Abigail and never would do anything to hurt her. The book had a great balance of action, feelings, emotion and of course steamy sex! This book also introduces Jacob's cousin's story and from the little glimpse we got in this book, Vance and Magnolia's story will be interesting!!! :-)

I really liked Jacob and Abigail's story. The winter boys and Sinclair security are no strangers to me, having read about them as minor characters in other books that Ivy has written in her other guise as Alexa Wilder. This again contains not just well written hotter than hell sex scenes, there's a thriller suspense element to this story, as always it's well written, very descriptive and exciting, heart stopping to read. Although you can read as a stand alone, why would you. I'd start by reading the perfect catch by Alexa Wilder and then the other two Ivy Kanye books. So you can get the full impact of the family and their dynamics. To say I'm a fan is an understatement I'm looking forward to the next book in the series rather impatiently!
