For Your Paws Only: Book Two Supernatural Enforcers Agency

Synopsis

Life was pretty straightforward for Cutter, a wolf shifter and an agent for the Supernatural Enforcers Agency – solve cases, attend anger management classes and avoid the attentions of a cute but tenacious hedgehog shifter. That is until his old partner is murdered, and a witness from a former case goes missing. Now, Cutter finds himself the prime suspect and with nowhere else to turn but to the one person he knows won't betray him. Curvy hedgehog shifter Lucie has spent a year chasing the commitment phobic wolf, and is she downhearted that he still runs in the opposite direction when he sees her coming? You bet your sweet patootie she isn't! He may be playing hard to get, but she'll wear him down yet. But, before she can say nutty fudgkins, Lucie comes home to find her wolf, naked and bleeding all over her couch, and Lucie, in spite of his howling objections, is determined to help him solve his case. While working shoulder to, uh, shoulder, can Lucie convince him that she's the right hedgehog for him? And will Cutter finally give in and admit to the feelings that have been dogging him ever since the adorable hedgehog bounced into his life? Caution! This does contain swearing (there's a lot of use of the f word!), as well as scenes of a sexual nature with m/f interaction intended for mature readers.

Customer Reviews

2nd book in the Supernatural Enforcers Series by EAPrice. You do not have to read the first book to enjoy this one, but the secondary characters weave through both books. Cutter, a wolf shapeshifter detective for the SEA, is currently filling in for the department head, Gunner, while Gunner is on his honeymoon. Cutter is definitely not suited for management, and hates the whole thing, especially since a series of events lead the entire SEA into thinking Cutter is a murderer. Knowing he is being framed, Cutter decides to hide out with Lucie, a hedgehog shifter, who Cutter knows is his mate. Cutter has been avoiding Lucie for the last year, because Cutter isn't suited for the whole mate thing either; however, he is desperate. Lucie knows Cutter is also her mate, and she even is smart enough and savvy enough to suspect why Cutter avoids her - although sometimes she has doubts. Lucie has done just about anything she can do to fix Cutter's attention on herself, so when he shows up at her door, shot in two places, she immediately takes him in and protects him, cares for him and helps him solve the mystery. I have read that EAPrice is self-published. This book says "Who cares?" It's a great fun-filled, humorous story about two unlikely shapeshifters, with a mystery thrown into the mix. What I really liked about the book was the character of Cutter. Cutter is a first-class a-hole. He knows it and everyone around him knows it, including Lucie. Most authors would find deep dark secrets to explain Cutter and smooth away his dark edges. Nope. EAPrice unabashedly leaves him a first-class a-hole, but one you grow to understand and love - just as much as Lucie.
