Hay momentos en que necesitamos crecer espiritualmente, este es un de esos libro que por años os a ayudado a miles de personas a levantarlos de ese letargo espiritual y comensar a caminar una ves mas por la senda del Señor. Dividido por temas si vuscas algo en especifico, pero para mi la mejor manera de usarlo es abrirlo al azar y usar una de las frases para meditar con ella todo el dia

I bought this book because I owned the traditional spanish version translated by Fray Luis de Granada and wanted a more modern translation. I found the kindle version has many misprints and many paragraphs are also missing. I recommend you do not buy this version.

I was introduced to spiritual readings by Alcoholics Anonymous. Nothing I read before could get into my heart. I wouldn't let it pass through. My mind was all too alert, and I was a slave to reason, intellectualizing every word that my eyes met. Things changed when I started using AA literature, the Blue Book and One Day at a Time. I was greatly surprised when I found that Kempis was amply quoted in that literature, which somehow soothed me and helped me through one of the hardest

times of my life. AA has given me many treasures. To start with, it gave me my life back. But now there are books in my life that can pass through to my heart. This book of Kempis is one of them, a book to keep and enjoy, to use sparingly, with care, as great pleasures are to be used. In this book I can listen to long generations of men, many centuries of living stories of people who have despaired as I have, and who, by the grace of God, have found new hope. Few things give me a clearer sense of what is meant by "all men are created equal" than this book. Men in the Middle Ages yearned for what we yearn for today. And that bonds me to the human race.

This is a book that has one and 2 page chapters. It is easy to read and understand. It has truly helped me to understand what Christ wants us to do while in this world. It explains why it is the way it is and what we can do to be better Christians

Un libro precioso para meditar y contemplar cada día. Lleno de sabiduría para modelar nuestras vidas usando el ejemplo de Cristo. La calidad de este libro es espectacular. Contiene también una guía para rezar el Rosario incluido. Un libro para todas las edades, y para todos los niveles espirituales, tanto los principantes, como los avanzados. Me acompaña cada día.

I didn't like this edition. It's got many additional teachings from the Catholic Church such as Mary being crowned as the queen of the universe and her ascension into heaven. The original text from Thomas doesn't include such teachings.

I have read the English version of the Imitation of Christ for many years. As Spanish is such a beautiful language, particularly on a devotional level, I decided to purchase the Spanish edition. However, the translation has been somewhat disappointing. The original a Kempis version is in a very old and stilted English, and when translated to Spanish, it is sometimes difficult to decipher. I find myself going back to the English, and often I find the translation is not exactly correct. Nevertheless, the devotional quality of the work does come through. He le- do este libro en ingles hace muchos años. Considero español como idioma muy hermoso, especialmente en asuntos devocionales, decidí comprarlo en español. Pero he sido decepcionado con la traducción. El versión original es escrito en un inglés muy antiguo, y en la traducción a español, a veces es difícil discernir el significado. Frecuentemente, vuelvo a la versión inglés, y descubro que la traducción no es totalmente correcta. No obstante, la calidad devocional de la obra es aparente, y recomiendo el libro particularmente para alguien que no habla inglés.

It is a true guide for an exemplary life. Books of this kind abound in our times, from different spiritual practices, but this book rescues the era in which it was written and the effect that their statements and advice, remain even in our present. Not the kind of book you read in an afternoon coffee or a weekend because you have so much to do, to really enjoy it, you have to read it slowly and putting into practice every day, their advice. Only then will you manage to discover his true and beloved spiritual value.
