Muy interesante libro sobre la vida de este famoso capo "Osiel Cardenas Guillen". Comienza desde sus inicios hasta como llego a ser el capo del segundo cartel mas importante de Mexico - el cartel del Golfo. Tambien hay una seccion importante donde habla sobre la creaciÃ³n de los Zetas. En general si disfrutas leer de temas del narcotrafico en mexico, este libro es una compra importante e interesante. El unico problema es que es un poco corto y lo termine bastante rapido. EN general un muy buen libro.. Recomendado totalmente.

Excelente libro, informacion con detalles que mantienen la lectura y no se puede dejar de leer. Un libro necesario para empezar a comprender angulos y matices en el transcurso del narco imperio en el marco de la delincuencia organizada en Los Estados Unidos Mexicanos.

I think this book is worth reading if you're into this topic.It's quite factual and at times I wanted to find out a bit more about Osiel Cardenas but it just sort of narrates from a distance his rise and fall,

without providing any explicit insight.

I have been very interested in everything about narc-culture, by reading like five books, and this one has been, one if the most explicit of all. Narco traffic is all about power, and betrayal.

The book was a great read, however the shipping came in a box without packaging material. The book seemed to slide around in the box so it "dog eared" some of the pages. As far as the author and his investigative work, the books seems well researched and nicely put together, it gives a raw insight into the "narco world".
