Customer Reviews

i just wish the story was more engulfed more details, more thoughts, more tid bits. It jumps, and gets right to the story and right to the point, yet leaves you hanging for the next book. Yes good story, easy read, but I want more, I want to hear more from all the people in the story. It moved to fast.

These books was a great read, I know Dane stole Lynn from his brother out of spite but true love always prevails. With all that said I think Dane care about her so that makes me sad for him, but

that' what happens when you play games. My only wish was to see her and Simon get married.

I loved these books! I was wanting more and more with every turn of a page! It was funny and shocking...couldn't put it down!!! Avery you mentioned another book, wedding perhaps...well I would love to see this with an even happier ending! I would purchase it immediately! Thanks!

I was a little taken back with the story line since it involved two brothers and the way she handles it. Overall I liked and enjoyed the books.

Great story line, really enjoyed the characters.

Loved this series and have started reading Dane
