# Catch

## Synopsis

Tamsen Parsons is happy with her wacky world. So she leases fish to big business, her bedroom resembles a gypsy fortune-teller's caravan and she's got the roomie from hell. Still, the sun's shining and she can smile. That is until uptight lawyer Matthew Solomon rolls in like a storm. He's over the corporate climb, unsure what he wants in life anymore and the sexy and cheerful Tamsen is exactly the short-term tonic he needs. What Matt doesn't count on is his interfering mother, Tamsen's out-of-control best friend and falling in love. Can a gypsy fish-minder really bring this bad-boy to heel?

## Customer Reviews

While Catch is an enjoyable read, it's not your traditional romance. Sure, things are steamy between Tamsen and Matt but some of the side stories are distracting as they are not well fleshed out. The story is dark (think death) and intense (think sex). Sometimes those elements work well together but this time they missed the mark for me.

Catch starts out as a very fun and flirty story that really is quite a joy to read with its well written characters full of great banter and unlikely attraction. It's not long however, before the cracks start to show in Tamsen and Matthew's relationship and a rather clingy friend starts to become unhinged. Throw in a snooty, controlling mother and you've got quite a tension filled book on your hands. The NZ locality was great too, it was nice to know the city in which the story was set. Catch definitely has a Single White Female feel to it, and it does become a rather dark story in places, so if that's not your type of thing - you have been warned! My only complaint with Catch would be that in places the relationship felt a little forced, it just lost some of its easy flow. But overall I enjoyed this story, even the really dark and desperate parts; it definitely makes a difference from reading overly saccharin sweet romances all the time. A solid 4 star read ;]

Kenyon writes a sexy, fast paced, contemporary romance that'll have your heart racing. Tamsen is a terrific heroine with a unique job (nice change from the usual romance heroine) and Matt is definitely a hot hero worthy of her. The sensuality is scorching hot, so be warned you'll need a long cold drink in hand when reading Catch. Kudos to Toni Kenyon for a marvellous story - definitely an author to watch!

Matt and Tamsen look like two complete opposites but end up falling in love. They actually are both in careers that they don't want to be in because of their parents. Poor Tamsen has so many bad things happen to her. Matt was so wonderful to her. His mother was a nightmare. They keep getting torn apart by things but both love nature. Love the ending.

A very different read... Lots of ups and downs... not your typical romance .... definitely not what I expected .... lot of death

I was hesitant at first to even get it, the story sounded boring. And it was, at first. Full of lust and sex of course but really nothing else. Then it just takes a turn and everything goes crazy! It went from cute and heartfelt to dark, troubling and sometimes morbid. It was maybe too much downfall for me, a bit excessive. I deleted it from my library.

My philosophy is "there are too many good books to waste my time reading a bad book". If I don't like a book, I immediately delete it from my Kindle. Rarely do I write a review even though I find

them helpful for me to make the decision to purchase a book or not. The reason I purchased this book was that it had such high ratings. What a grand waste of my time!!!!!! I'm still mad at myself for even finishing this drivel. What started out as a decent story quickly went downhill. Matt was a whiny brat and Tamsen couldn't really decide if she loved or hated him. I could not believe how he reacted about Gina and how mean he was about it. How many disasters can befall our "heroine" in one setting? I could go on and on about what I disliked about this book, but there would be too many for this review. WASTE OF TIME!!!!!!

I feel bad for giving this book only 2 stars., But seriously, it felt like a 15 yr old wrote it. It just made no sense and then it didn't help that it was all British. I have read tons of British books and I understand them, but this book almost spoke SLANG. It was just a cluster of a mess to say the least. I am glad it was free, it has good intentions but it is terribly written. Sorry. I just have to be honest
