What A Girl Needs: (Billionaire Romance) (Book 2) (Alpha Billionaire Romance Series)

Synopsis

Sarah has spent the last few weeks wondering what's going on between her and Robert. They got close during their class project, but then he had to rush off and she hasn't seen him since. She's starting to think that she's wasting her time. That is, until she gets a phone call from him saying that his father wants to meet her. In the blink of an eye everything changes and suddenly things start getting serious. But when Robert's father makes it clear that she will never be family, what will she do? Robert has never had an easy relationship with his dad and that isn't about to change on his father's deathbed. In his last desperate attempt to control his son, Robert's father sends Sarah away with the message that she will never be welcome in Robert's life. Will Rob be willing to stand for it or will he go against his father's dying wishes so that he can be with the girl that he loves?

Customer Reviews

This is book 2 of a six book series. The first book was about getting to know a few of the characters. This book is about a young man and woman that have a bunch of chemistry but don't tell each other

how they feel until family issues come to a head. I don't like to give away the storyline so that is all I am going to say. It's a very fast read and you may just get hooked. I am looking forward to reading book 3. This is the first time I have read from this author and I am looking forward to more. I was asked to give my honest opinion and in doing so, I received this book for free.

Hi again every one today I am going to review what a girl needs book 2 in the billionaire romance series. First let me say I hope you have read book one as it leads on here in book two. In book one we leave off as Sara and Robert finally admit that they like each other then Robert gets a phone call that his father is in the hospital. Book two what a girl needs is as fantastically written as book one. The drama the feelings the moods. I felt like I was there. This is written again in two views as book one. One view being Sara and view two being Robert. This seems to be the trend so far in the billionaire romance series but I do not mind it at all. Book two what a girl needs is easy to follow. It has romance drama and suspense. This was so hard to put down. What a girl needs is 8 small chapters. It is not a long book. I finished in about 20 minutes. It is a fantastic read. I absolutely loved this book. I hate that it is so short seems shorter than the first book. This is a series that is hard to put down. The first book took place at college but in what a girl needs it takes place both at school and the hospital. Robert's dad is very ill so he has Robert bring Sara to him. Also in what a girl needs we add a third character James. James is Robert's friend who befriended Sara. See the drama already. This is a must read in the billionaire romance series. I hope you read book one and you will read book two what a girl needs. Hope you enjoy it as much as I did and continue reading the billionaire romance series. If you found this helpful please click yes. Thank you for reading my review. I will see you in book three. Note: I have received this product at a free or reduced price in exchange for my honest unbiased review

Format Kindle Ebook This review is on What A Girl Needs: (Billionaire Romance) (Book 2) (Alpha Billionaire Romance Series) Kindle Edition by Emma Reid Sara has spent the last few weeks wondering what's going on between her and Robert. They got close during their class project, but then he had to rush off and she hasn't seen him since. She's starting to think that she's wasting her time. That is, until she gets a phone call from him saying that his father wants to meet her. In the blink of an eye everything changes and suddenly things start getting serious. But when Robert's father makes it clear that she will never be family, what will she do? It is the second book in a series about a college student named Sara and her desire to be independent of her father and his ideals for her and finding her way but gets sidelined by unexpected love. There are six short

stories in this series. It is a quick read and there isn't any erotica involved in it as you some times get with books labeled "romance." Other than some swearing and a little adult language it is a fairly safe book for romance readers at the highschool level, they hear worse in school anyway. The story is OK, it is a nice fast read, as I said and a good way to take your mind off of things. The main characters are both from wealthy families. One much wealthier than the other. Her family wants her not to have a career and just settle down and be a wife. His family doesn't think that anyone is good enough for him. There isn't much in the way of character development or any of the past history of the characters to understand WHY they are the way they are and why their families treat them the way they do. His father takes an immediate dislike to her and she wants to run away as fast as she can. Straight to the arms of his awaiting friend, almost.
