## Customer Reviews

Great book. I have read the authors other books in this series. It is right up my alley with American Indian folklore & the added fantasy of a mysterious beast in the form of a skinwalker manifesting it's evil ways. FBI agent Zack Tolliver & his Jewish/Indian friend hunting down mystical creatures.

I really enjoy a good mystery especially one involving native American lore. This one is steeped in both. I like the way the writer moves in and out of different venues and lives as the story developed. You won't be able to predict the ending, and it will be hard to put the book down before you get there.

Following the author's previous books, protagonist Zack Tolliver faces high danger and uncertainty. As the story unfolds the mystery gripped my attention and made putting the book down difficult until reaching the surprising conclusion.. An exciting, fast-moving story.

This is the first book I have read by this author. It is fast paced and exciting. A great blend of Navajo culture with a contrast of mystery and police intervention. Likeable characters and a stunning setting.

Good book from a great series. I particular like the native american folklore tie in this is hard to find anymore.

Excellent book! It keep me on the edge of my seat. I am sure the other books are just as good.
