## Customer Reviews

I received Ryker by Erin Trejo as an ARC in exchange for an honest review. Honestly? I loved Ryker and Jersey's story! Ryker, a harden biker, who has felt the bite of betrayal by someone he

loved. He vows never to go down that road again, but that was until he sees this girl, Jersey, being held by a rival MC "The Dusts" along with many other girls who had been stolen to be used, abused and sold into the worst possible lives. Ryker is absolutely horrified by the situation of these young girls, and promises one of the club daughters, Bella, that he will find a way to get them out. He also makes Jersey a promise that he will come back for her, and he always keeps his promises. Creed the Fallen Angels president insists that Ryker marry Jersey once they have gotten her away from some Russian mobster. It is the only way that Jersey can remain safe, and under Ryker's full protection. Try has he might, Ryker cannot resist this beautiful, fragile, resilient young woman, and they begin a sexual relations that just bursts them both into flames. Jersey tries to understand Ryker's feelings, but she needs him for so many reasons, but is determined she will leave rather than be with someone that doesn't want her. Everyone in the club recognizes how much Ryker and Jersey care for each, except Ryker. He doesn't see it at all, but he can't define the way she makes him feel either. Jersey comes from another rival MC, "The Shifters", that gave her to the Dusts in exchange for a debt they owed, and Ryker cannot even fathom why someone would even think of doing that to their own daughter. Ryker hates that his determination to get Jersey and the other girls away from the Dusts, will impact on his MC.

I was worried going into the third book of this series, as I wasn't sure if it would live up to the other two. I don't know why I was worried. This book delivered. Ryker is a nomad that has finally found a place to settle. He found a home with the chapter of the Fallen Angel's MC, now that Creed is President and Tank is VP. He has known them for a long time and believed they would turn the club around and they did. As soon as he walked through the doors, he knew he had the backing of his MC brothers and their families and it felt good. Ryker is the enforcer now and is tasked with the job to rescue girls that are being trafficked. The Fallen Angel's MC are against violence, against women and want to put a stop to this horrendous act by a rival MC. Little did he know that he would meet the woman that would change his life. He had been in love once, but the woman cheated on him and broke his heart. He vowed he would not be in that position again. Instead he took from women what he wanted and never made any promises to anyone. Except Jersey! Jersey is an old soul. She is 20 years old and has lived a lifetime in her short life. She was used and abused by her club ran by her step-father. She was sold for drugs and guns to a human trafficking MC. She was to be sold to the highest bidder when Ryker and his crew arrived for the recon mission. When Ryker found Jersey, she was the only girl that wasn't drugged. Ryker had an instant connection to her that he couldn't explain. He gave her his name patch from his vest and

promised he would return to get her out of there. Ryker and his crew returned in time to save Jersey, but ended up in a shootout with the Russian crew that had bought Jersey.
