Beautiful book!!!! I bought it because I have a 3 months old little girl, and i been reading to her since she was in my belly... I read to her in Spanish because i want her to be proud of her roots. Este libro es perfecto, para padres que quieren que sus hijos hablen espanol... Facil de leer, variedad y buen material.

Wonderful book of Disney princess stories in Spanish. Quality paper and illustrations. Little girls with mothers who can't speak or read English yet will be able to have the stories read to them. I plan to donate it to a rescue shelter for women and children for Christmas. I recommend this book along with the English version.

My daughter already have the English version of this book and is familiar with the stories, now grandma can read to her as well and my daughter get to listen spanish

my daughter loves this book but the book fell apart almost immediately. Little by little pages started falling out and I glued them back but now it is completely destroyed. And my daughter loves it so much that she has requested I buy her a new one. She wants the colección princesas vivieron felices por siempre.

Either this book isn't appropriate for a three year old or it's built poorly. My daughter likes to thumb through the pages endlessly looking at pictures and the pages have been ripping out. She has other books like this and we've never had an issue.

I really liked this book because it has a lot of stories, actually is a summary of the most popular of the princess Disney movies. The book contains lots of big colorful pictures which I am sure my baby will enjoy when she grows up.

ÂjÂjExcelente libro lo compe para mi hija y ella esta muy feliz con la colecciÃ n de cuentos de princesas,lo recomiendo.

This is a great book for storytime and I love the fact that it is in spanish!! It is pretty much a shorter version of the original disney princess stories. My daughter really likes it!
