Il rating si riferisce, evidentemente, alla presentazione sul kindle (per il contenuto quante stelle si dovrebbero dare...venti, trenta?).La versione che ho scaricato non ha indice attivo, e`pero`facile trovare il canto o il soggetto desiderato (Caronte, Francesca ecc.) colla funzione SEARCH. Molte terzine sono spezzate, i versi si possono pero`facilmente ricostruire sia sulla rima che sul ritmo del verso stesso.Non posso giudicare sulla qualita` del testo, dal punto di vista filologico. Per me, lettore ingenuo, e` comunque perfettamente leggibile. Da consigliare, anche se non perfetto.

This a great CD, with all of Dante's Divine Comedy, read very expressively by the actor Claudio Carini. All files are in mp3 format. Its a great way to become familiar with this work in the original italian. A free copy of the text can be downloaded from various sites on the internet. I bought the CD in Italy. Greatly recommended.

A good bargain for a simple, no frills edition of the Italian text. It's possible to navigate to individual canti, but there are no line numbers. Also, line-wraps are a bit awkward when font size is set on anything larger than the smallest.

[[ASIN:8889352094 La Divina Commedia di Dante Alighieri (Dante Alighieri's Divine Comedy

Unabridged Audiobook Read in Italian)]This is a remarkably lovely recording, all on one CD. Claudio Carini's mellifluous and poetic voice carries the listener through the whole fascinating story in the most beautiful way (I found myself unwilling to be interrupted). You do not have to be fluent in Italian to benefit. Someone with very patchy Italian, but with a wish to know Dante in the original, I listen using a parallel text. There will no doubt be excellent versions in America, but if you are in England, I recommend the text and commentaries by John D Sinclair as the translations are so good. Even a very little patience soon has the listener understanding more and more of the original. And what you do not understand is still music.

There are some minor typos and 4-5 displacements of indentation, otherwise it's a fine edition of the original Italian language poem by the great Italian poet. I surely recommend it to anyone who reads and understands the old Italian language of Dante.

This book is not the original complete divine comedy in the Italian language. It is an illustrated condensed children's version of the divine comedy in the Italian language.

The reproduction is an absolute disappointment. A few pages of poor reproduction for close to \$30 including mailing cost! This gave me a good lesson to take care when you make a deal with this kind of unpleasant people!

This edition of the Italian text includes detailed commentary by the editors, along with charts and diagrams, glossary, and other helpful materials. Bound into the center are a number of color plates of early copies of the masterpiece. An excellent resource!
