## Synopsis

When Lani finds out that Jux has been keeping his marriage a secret, she gives him an ultimatum to either get a divorce or leave her be. When he doesn't move fast enough for her she takes matters into her own hands, deciding to do what she has to for herself. Being a mistress is not an option. The only catch is, she's also keeping a secret that is being kept by the people closest to him. After Yay does the unthinkable and sleeps with Rique, Zy swore he was done with her. Even after the backlash for sleeping within the circle, Yay can't seem to stay away from Rique long enough. With all their history, are Yay and Zy able to salvage what's left of their broken broke relationship, or has the good girl gone bad forever. Harmony and Louie are crazy about each other, and even after they decided to take a leap of faith and commit to one another, are they both able to break out of their hoeish ways? Love is a constant battle, and decisions have to be made. Sometimes the people we love most don't mean us well, and walking away is just the better option. With death at their door, past grudges being held, who will be left standing? No face, No case.

## Customer Reviews

This book was Omg good I can't believe Louie and Q but over all I glad. The crew including Jux sticks together when things got rough....This book definitely showed how crazy Jux was about his Lani can't wait for part 3

Now Karma brought us mad drama in part 2 smh. Each and every couple really took a hard look at themselves but self growth is always amazing. We loss an important person, but that didn't stop the love the crew has for each other only brought them closer. The plot certainly got thicker lol Sha is still causing problems from the grave. There were even events we didn't see coming. That Karma left us with so many what the???? As always Jux gets crazier and crazier i love it. Part 3 is going to be major. Karma honey you get better and better with each book. Now bring on Insane, Khahlil, Matt, RJ ....

A little disappointed to wait this long for part 2 only for it to end at 80% and have a whole new book introduced. Not as good as part 1, all over the place and having Lani & Jux apart for so long was dragging. Also confusing how he ends part 1 with Jessika and yet she is practically forgotten and replaced with a wife he couldn't stand and supposedly wasn't messing, and yet she somehow overshadows the girl that he loves? And he doesn't go after her or even attempts once? Hopefully part 3 will be more put together...its like night and day from Keyshia & Cashmere series which was polished from beginning to end.

Karma you have done it again. Jux and Lani need to get it together. They both are hiding behind their pride and put the love they have for each other on the back burner and ended up not being there for one another when they needed it the most. So sad about Zy and hoping Yay finds happiness again. Louie pissed me off jumping to conclusions and noiwbmay have lost the love of his life. Q is just crazy as hell. Love how we see the other side of events from Keisha and Cashmere. Can't wait for part 3. Always a fan.

I enjoyed this book. I was really shocked that Zy actually is dead. Really though you was gonna let him live. Now this situation with Jux is crazy. I feel that he needs to put his pride aside and tell Iain how he truly feel before he lose her. Note to the author this was a good book easy and grab your attention and holds it throughout the whole nook, check your spelling. There were many grammatical errors.

Once again you did an outstanding job Karma Monae. This book picked up where part 1 left off. I loved how you brought the crew back and the dates from in Keyshia and Cashmere and this book were exactly on point. We saw a different Jux in this book when he lost a loved one and the love of his life. I liked how Yay got her self together. Can't wait for part 3.

I loved loved loved the first book but this one uh not so much! I'm very disappointed! I'm not even finished yet and sad to say part of me doesn't even want to finish it. I've skipped threw some parts that were just inner monologues repeating the same things already discussed or thought of. I thought the whole crew hiding\lying about the pregnancy for soooo long was ridiculous and her "attempts" to tell him were just foolishness. The book had good parts but overall the story was lacking! I also hated his bro dying and then all of a sudden it was some distant beef that he had no part in that caused him to get killed???? Idk I seem to be the only one who wasn't really feeling this book so maybe its just me! Anyway I still support this author and hope she has continued success!!

Man I was like oh hell naw I know Karma did not just end this book at 81% and she could have continued. Jux got on my nerves with this jumping to conclusions before hearing Lani out but I just know they gone work it out. I might sound wrong but I feel as though Harmony and Loui were both wrong in the situation because she lied in the beginning instead of telling the truth and causing Loui to jump to the conclusion feeling like she was out cheating but I hope that they can work it out because they had a good thing going until Q bipolar ass messed it up. This also might be wrong but I'm really rooting for Yay and Rique to be together I feel like he would have her best interest at heart. Overall this was a great read and can't wait for part 3 cause I know it's only going to get better. Oh and I'm excited I got to meet Ash, Matt and there crew because they have some interesting stories to tell. Excellent work Karma Monae
