## Secrets Of A Side Bitch 2

## Synopsis

Each year, approximately 16,000 people are murdered in the United States. Seven percent of the killers are female; one of them being Simone Campbell. In *Secrets of a Side Bitch 2*, Simone is struggling to keep together the web of lies that she has woven, all in attempts to be the number one woman in Omari Sutton's life. She continues to pull one devious and demented trick after another to maintain her role as Omari's leading lady. Her tower of lies begins crashing down as intricate parts of her schemes begin to unfold. Chance reemerges, threatening Simone's connection to the murder. Desperateness to have Omari's baby sends Simone into such erratic behavior that she starts to make telling mistakes. All the while, Omari is set on making Aeysha's murderer pay for killing the one woman that truly had his heart.

## Customer Reviews

Ms. Jessica Girl.. To Quote Rihanna "Where Have You Been All My Life?". I Read This In THIRTEEN HRS! I Havent Been THIS Entrapped In A Book Since You Dropped Part 1! You STEPPED IT UP BIG TIME.. I Havent Had So Many "OMG" Or "WTF" Emotions Run Thru Me Since The Last Time I Saw Maury! I Am ADDICTED To Your Work And Simply CANT WAIT For Your Next

Installment! Thank You For A WONDERFUL Read!

Another part after part after part. Can you authors please just give your reader the whole story in one book. Or at least finish it in the second. First it is a good read. But when I went into part 2. It was a repeat of the ending of part 1 word for word. Now I'm left hanging to wait for PART 3. I read so many books I will need a refresher of PART 2. Please give your readers a break on all the different PARTS. We deserve to get the whole story in one book. Don't we.....?!

Ms. Jessica?! Why would you do us like that?! Part three better be coming soon! :) that damn Simone is something else!! I can't believe how she reacted towards a BABY!! An innocent little baby! I wanted to jump in those pages and strangle the life out of her just like she did Tammy in book one! Haha! Simone is that character that you hate so much but love to read about!! Gia and Chance were adorable! Acting like two star eyed teenagers! They had their own drama thrown into the mix along with everything else that was already going on. I loved Chance the most from part two.. He had his small appearances in book one but I'm glad Jessica Watkins gave him his own portrayal of the story in this one. He is not a dumb character at all!! He figures out people and everything quick! Especially Simone!! I was hoping he'd break her damn neck many times here! Read this!! It's a tad short and I finished it in one sitting. It was wonderful. Hopefully part three is on the way soon! Can't wait to see what happens with these characters!!

Shaking my head!!!! Jessica Watkins took us there.... O M G.... This book is on FIRE..... Wow, never one to spoil a good book but get ready for a emotional ride... In Secrets of a side Bitch Authoress Jessica Watkins put us in our seat and told us to buckle up, in Secrets of a side Bitch 2 she forgot to tell us to tighten our seat belt, readers you guys better hold on because this story just got real..... Jessica as always I'm telling all my friends about you and your books. Looking forward to reading more of your work.....

I read this entire book in 4 hours. Couldn't put it down! Great read and definitely a page turner! Jessica Watkins did her thing once again. The ending left me with my mouth open and my mind racing. Can't wait for part three! This series and this book is a must read. It has just the right amount of ratchetness, murder, drugs, and sex! Great story line and amazing writing! Definitely a MUST READ!

I have a headache, waiting for Simone to meet her fate. The book began by recalling what took place in the 1st one (3 months earlier) and then following-up three (3) months later. Simone was even more deceitful, evil, twisted, & deranged. Jessica Watkins, is a great story teller-weaving a tale so seamless & real, it was like being a part of the desparate ploys of this psychotic broad. I was so sad about Baby Dahlia. Although this all started from Omari's infidelity, my heart went out to him because of all the pain he had to endure. I enjoyed Chance & Gia's "relationship" & hopefully, it'll be explored more in future installments of this series. More than anything, the recurring theme in this book was DESPERATION with its characters. It showed how lives are affected & realities changed when a person feels they are at a point of no return and the only way to "make it", is to do & be someone they wouldn't normally. Be ready for a range of emotions because it will DEFINETLY be a bumpy ride!

I was very eager to get my hands on this book after reading part one with that book being so good. The book had a lot of hot moments and scenes that had me re-reading what I'd seen on the pages. However, I am mad that Simone has not gotten what is coming to her. Here we are again in book two and Simone is still up to no good and she is simply getting away with everything she's doing. Omari is still dumb and being manipulated and whatever happened to Eboni? I think the book ended way to quickly. I do think that the storylines and criss crosses of characters was wonderful but as an author, you have to give the readers something. The cliffhanger is great but I think the whole book was a cliffhanger. Nothing was settled. Not even a little bit. You have to give the readers something. Needless to say I will get part three. I am hoping the author will settle some things this time around and make Omari a little smarter than he was in book one and book two. Him being so naive is just annoying for him to have been through so much. One top of all of that how in the world did Simone hide her pregnancy? Five months!?! Did she gain wait? He was rubbing her stomach. I don't get that at all. Then she said she's gonna steal a baby. I wanna see how she pulls this off. Definitely a four star book for all of the suspense but you gotta settle something next time. If this series turns into a drawn out four or five book series, I don't think I'll continue to read it.
