The Carter Boys

Synopsis

So what happens when a slick mouth educated girl from Brooklyn NY. decides to go off to college in the capital of the south, Atlanta Ga?? She quickly gets introduced to the Atlanta life style whereÂ Bruh is said every other word. Dreaded froâ™s are a must. Hot lemon pepper wings are law. West side accents are always thicker than the east side. Nobody says ATL unless theyâ™re from out of town. HBCU life is unlike any other. Lastly and most importantly that it's all about family, in particular the Carter Family. Without the Carters? There is no Atlanta.Drama...Sex...Love...Drugs..and Music are just a few of the Carter Boys daily dealings, when being the largest most dangerous organization the city of Atlanta has ever seen isnâ™t on their to-do list. The women who want to be with them and the men who want to be just like them can easily get lost in the shuffle when the target is constantly moving to a new Carterâ™s back.Â Eldest brother Shiloh has always kept to himself. Even with seven other siblings, he tends to shy away from the attention since he has the weight of his family secret on his shoulders. Protecting them from their family's dark past has always been his job, even as it starts to become too much for him bare. That is until he meets a beautiful woman who moves next door to him, and shows him that some secrets arenâ™t always meant to be kept.Â Elijah Carter is not only the face of The Carter Boys, but his vocal talents is what has their name ringing bells in the music world. A hot head and a womanizer, Elijah only has time for two things, making sure his family stays feared in the streets and taking down any groupie who will do anything for just one night with him. All of the perks that come along with being a singing sensation and a street legend will have any man living in pure bliss, but when Elijah runs into the quiet, yet ordinary college girl named Jordyn with a âœYâ• she introduces him to something far greater.Trent Carter is everything any man could ever hope of being. A brother of Kappa Alpha Psi fraternity, this pretty boy is educated, can have any woman he wants, and is apart of one of the largest crime families in Atlanta. With being pretty much the object of every woman's desire, Trent never has a problem with the opposite sex. Whether its for one night or a short fling, the women that surround him are always ready and willing to make it on his hit list. But what happens when a man who can have any woman he wants, meets a girl who doesnâ™t even bat an eye in his direction?Â The Carters may be a dysfunctional bunch, but they love hard and are willing to do anything to make sure their family stays on top. The only question is, can a strong family on the stage and in the streets hold it together for the love of each other when their secret is brought to light or will their families past ruin everything theyâ™ve worked so hard for?

Loving them Carter Boys. I really enjoyed reading about the different brothers. Love the characters. The storytelling is great. I felt like I really knew these characters. I love Elijah Jodie Carter and Jordyn with a Y. Trent was a trip. Didn't really care for Jade and Tia. Looking forward to part 2. Love everything Desiree writes. She is a great storyteller and she has the best characters.

I did not want the book to end!!! I so loved this book because it reminded me of my days in college. Yes I went to an HBCU J-State to be exact. They say opposites attract because Jade and Trent was definitely opposites I don't know if I could be with him after he lied..If Jade would have been weak she probably would have killed herself..I think she is good for Trent because he was a little sensitive..But who doesn't love a Kappa. Elijah and Jordy lord who would have known Jordyn with a Y could turn Elijah out they are good for each other. Tia the hot she was out of control and she wonder why she got treated the way she did. I wonder if the baby will slow her down. Jaheim gone flip when he find out she didn't do it.. I love Shiloah and I can't wait to see what happens with him and Noelle. This book sets you up for part 2 I think this is when all da drama begins!! Can't wait

This book automatically lost one star because the editing was irritating. There were so many misplaced, unnecessary commas that it was very distracting. The storyline was somewhat childish and reckless, from them making fun of Jordyn to Jordyn landing the most desired guy. I'm from Atlanta, and the author must clearly be up north with a dislike and disrespect for Atlanta females because the main character Jade sounded very boyish and masculine, but she kept saying she was so fly and bad while Atlanta chicks were basic. Great. The book just came off a little juvenile but got decent towards the end, and of course it's a to be continued with a part 2 that's already out, but I'm not motivated to buy it nor read it.

It Was So Much Drama And Down Right Crazy Them Carter Boys Had No Filter But They Was Doing Them And All Those Groupies Man Tia Wrong For What She Did But Hey I Don't Blame Her But Don't Try And Turn That Table Cause It Was Her Choice And I Need More On Shiloh And Noelle And Eilijah And Jordyn With A Y Also Jade And Trent

I love this book and can never get enough of them Carter Boys...Elijah Jodie Carter is bae tho '• I love the way Desiree stories just pulls you in and captivate your soul she takes you to ATL if you never been ...well just read her books and you'll be on the first àœî• Out trying to see what the hype is all about...#TeamDesiree #TeamCarters #Litty "¥ "¥ "¥

Desiree delivers as always. She is a true expert at creating characters. I love her work and the Carter Boys are a set of brothers you'll never forget. Do yourself a favor and buy the book. Stick with this author. You won't be disappointed. P.S. Shiloh will always be my favorite!!!

OMG!!! I love a book about brothers but this is by far the one of the best (top 5) I've read. I love all the brothers and my fav couple is Elijah and Jordyn next is Trent and Jade and believe it or not my next is Tia and Jaheim because he trying to play hard but I think he low key likes her and I think her experience has humbled her a little so I hope they become a couple . I'm so excited about this series I hope you keep going so we can see relationships play out with all the brothers. Talin is already married so I wanna see the book end with them all successful, in love, married with children... Trent and Jade, Elijah and Jordyn, Shiloh and Noelle, Tia and Jaheim and I also hope Ontrell gets it together with Tyree LOL... I know you hinted at Jordyn's friend Rita getting cozy with one of the Carters boys' could it be Anthony The only complaint I had was due to the fact it was

so many of them the author would just say carter boy a lot of the times and I was confused trying to figure out I feel like she could have just said their name for the readers benefit even the characters speaking didn't know there name

For everyone who keeps saying that this is her first book you are completely wrong!! I have read all her books and they are great and so hard to even put down. When I start one of Desiree's books I swear I don't want to do anything else and will knock somebody's head off if they disturb me and Lord knows if I have to work I don't get a darn thing done!! Love you Desiree great job keep up the great work I would read your books over a thousand times!!! ^• ^• ^•
