# The Cherry Orchard (Modern Plays)

## Synopsis

Published to tie in with the world premiere at the Abbey Theatre, Dublin In Chekhov's tragi-comedy - perhaps his most popular play - the Gayev family is torn by powerful forces, forces rooted deep in history and in the society around them. Their estate is hopelessly in debt: urged to cut down their beautiful cherry orchard and sell the land for holiday cottages, they struggle to act decisively. Tom Murphy's fine vernacular version allows us to re-imagine the events of the play in the last days of Anglo-Irish colonialism. It gives this great play vivid new life within our own history and social consciousness.

## Book Information

Series: Modern Plays

Paperback: 96 pages

Publisher: Bloomsbury Methuen Drama (February 5, 2004)

Language: English

ISBN-10: 0413774031

## Customer Reviews

As I read this play, my family is in the process of moving a thousand miles away from the farm where I grew up. Though I am so far away from the Russian culture and time of this play, the themes of place, tradition, and inevitable change resonated inside of me, and I am grateful to Chekhov for the way he has handled them. The Cherry Orchard is a play about change, and the symbolism is pretty easy to recognize. What makes it stand apart, I think, from a thousand other plays on the same theme is its wonderful sense of comedy, of smiling sadness. Chekhov all his life insisted it was a comedy. As the Cherry Orchard slips away from the Ranevskys, they seem to smile at its going. As they are unable to change their habits -- still lending money they don't have, still spending extravagantly -- they quietly laugh at their own foolishness. The change comes, and they

leave, heartbroken -- but embracing the change at the same time, only feebly struggling against it. One feels saddest, in the end, for Lopakhin, the new owner of the Cherry Orchard. He seems to believe he has bought happiness and friends, but is quickly discovering the emptiness of money and possessions, as no one wants to borrow from him, and no one seems to pay him much heed at all. Chekhov paints with a fine brush, and I appreciate that. There is no thunderstorming, no ranting and raving in this work. There is a fine and subtle, sad and comedic portrayal of a family and a place encountering change. It is a heartbreak with a smile. The translation, though the only one I've read, seems good. It is easy to follow and rich in simple feeling. If you'd like to discuss this play with me, or recommend something I might enjoy, or just chat, e-mail me at [williekrischke@hotmail.com](mailto:williekrischke@hotmail.com).

The Cherry Orchard was my first experience with Chekhov, and I was surprised at the depth in this 49 page play. By no means would I consider myself a "literary expert," but this was very readable and you can pull a lot of the deeper meanings and its context in Russian history by yourself. I was confused at a couple people who write that they simply couldn't understand it and it put them to sleep! It's not THAT tough! If I could understand and appreciate it, almost anyone can! What I like most about Chekhov is that he doesn't simplify his characters. He's a realist in this sense. Lopakhin and Trofimof each have admirable and detestable characteristics, just like you and I. While it may be set in the tumultuous period prior to the Russian revolution, the ideas and the discussions this play provokes are timeless. Highly recommended!

I bought the Kindle edition of Anton Chekhov's *The Cherry Orchard* under the impression that it was the translation done by English playwright Tom Stoppard as the authorship of the item clearly states in its description. However, upon examining the title page of the Kindle book I was shocked to see someone else listed as the translator. I have not read this translation and therefore cannot review it, but I am extremely disappointed that it is misrepresenting this item and they need to fix it!

As much as I enjoy Chekhov, I'm not a big fan of *THE CHERRY ORCHARD*; it never made much sense to me. However, this adaptation by David Mamet makes the play easier to follow and understand. The play itself is often labeled as a tragedy, but really isn't. As Mamet points out in the introduction to this adaptation, the closest form of drama *THE CHERRY ORCHARD*'s structure resembles is the farce. In fact, if all the characters weren't so depressing, the play would be hilarious. Perhaps that is what Chekhov originally intended, that as we would see the outrageous, pitiful existence of the characters in this play we would laugh at their moping and folly and strive to

make our lives more meaningful. This isn't the best work to introduce one to the genius of Chekhov, but it is a classic and if one can get past all the whining (or to use a more pc term "reminiscing") it's worth the read.

Anton chekhov's "the cherry orchard" is a captivating, but somewhat confusing tale of an aristocratic household that comes face to face with adversity. His impressionistic portrayal of characters delivers a power packed package of meaning that both appeals to and appalls every human heart. Through a subtle messages and powerful passages chekhov purveys his sentiments about a world that is tainted by a dark cloud of selfishness. Although the play itself is tragic-like the characters are not tragic. They seem to blindly stumble upon the pages of life accomplishing absolutely nothing. Through checkhov's genius they still remain human, with dreams and fears like the rest of us. It is through these characters that chekhov's beliefs are made known.

Anton Chekhov's play The Cherry Orchard is an extremely interesting play that has a dual nature as both comedy and tragedy. However, some non-Russian audiences may have difficulty understanding the sense of futility Chekhov gives it. The plot of the play centers around an aristocratic woman and her family whose fortunes have gone sour. They are about to sell their famed cherry orchard to pay the mortgage. Through the course of the play, the family finds several options to save the cherry orchard, but they do nothing. The estate is sold to a former serf, who doesn't seem to appreciate the cherry orchard and cuts it down. The tragedy is a symbolic one. The aristocracy tries in vain to maintain its social position, while the new bourgeoisie can't find meaning in their new wealth. Bottom Line: The Cherry Orchard is a fantastic play, both to read or to watch, though parts of it get "lost-in-translation" from the original Russian audience.
