

Synopsis

Ha quedado atrás el tiempo del narcotráfico provinciano. Ahora, el negocio de la venta ilícita de drogas se maneja con estilo corporativo, con narco-rutas claramente definidas. Los Capos analiza y expone muchos de los motivos que hicieron posible dicha transformación de los cacicazgos regionales en empresas con presencia operativa a lo largo de todo México. Sobornos, traiciones, fugas (la del Chapo Guzmán se narran magistralmente); asesinatos, venganzas, tráfico de influencias, millones de dólares y ambición de poder son algunos de los tópicos que aquí se relatan. Ricardo Ravelo, reconocido periodista, ha realizado una minuciosa investigación en archivos judiciales, fuentes confidenciales y bibliografías sobre una guerra que avanza cada vez con mayor violencia aún en el llamado gobierno del cambio.

Book Information

Series: Best Seller (Debolsillo)

Paperback: 280 pages

Publisher: Grijalbo; 2nd edition (January 1, 2007)

Language: Spanish

ISBN-10: 9707804467

ISBN-13: 978-9707804463

Customer Reviews

Very interesting and thoroughly researched. My only problem with it is that the writer is a journalist and follows the common Latin American journalistic tendency to stray from narrative and simply list facts (i.e long lists of names). That is not enough, however, to strike an entire star. My 4.5 rating rounds up to a 5.

This book could have been better read if print was larger. I had difficulty with page after page full of facts and main information was lost in the boredom of my trying too hard to extract the author's

message. I had to put it down; books should be easier to read and a note should be at bookstand level to tell buyer about smaller than usual print before unaware buyer takes it home. Este libro tiene la letra pequenisima y es muy dificil para la lectura, recomiendo que tenga una nota antes de vender libros que especifiquen si la letra es mas chica que lo normal.

This book by far is the best one that I have read. The first chapters really don't have anything to do with the book, but he really explains alot on how the cartels work. There is some information that is inaccurate but I guess you can't get everything right. I really recommend this book it's worth reading.

I think is an informative book that covers really well the subject, however, the author in the first chapters spend too much time to attack some people in the Mexican Government that are not really related to what the book is about. The rest of the book is very precise and informative!.
