Customer Reviews

This is, of course, a great story. The translation is excellent as well. I bought this book to help myself learn Spanish, and it serves very well because the vocabulary, while evocative, is also fairly simple. Words that are new to me repeat themselves in the text often enough that I learn them almost effortlessly.

I'm a teacher, constantly looking for excellent literature that will enchant my teenaged students and enhance their learning. I read this whole series when I was 12 years and was so happy to find it in Spanish now! At the time, I got so caught up in this series that I found myself sneaking off to read them when I should have been washing dishes at night! The series is worthy of adult time but

well-paced and appropriate for younger kids. Unlike a lot of other books these days, this series is clean and wholesome, and full of serious situations where the protagonists must show moral fortitude and character in order to champion their causes. I loved it!

Gift set for my mom she really enjoyed them.
