# To The Women I Once Loved

## Synopsis

• To The Women I Once Loved • is a reflection of a poet's heart, his deepest inner feelings towards past relationships and how they contributed to the man he has become. Each piece brings consciousness to parts of a woman that ought to be glorified, qualities men sometimes neglect in relationships; while making both men and women aware that who they become has a direct correlation with who they've been with. Pierre allows readers to see where he missed it before in a way that is uplifting not only to the reader but also the women of his past. This literary piece is filled with hope and will salivate the soul of those waiting on love.

This book is amazing! You will find yourself diving deeper and deeper until there are no more pages left. The single most important thing he did in his book was connect his message with the divine Creator. He explains that a woman should allow the Love of God to fuel her... He speaks out on what society seems to be scared to talk about, purity. And from a male perspective he shows that there are men willing to commit to a woman who is in love with God and his commandments. The book is also great because he shows that as a man he loves the not so perfect woman. We all have pretended to have it together when in reality we were crumbling cause our past, childhood, society, work, or whatever.... This book showed its ok as a woman not to have it all together. Take some time n realize u don't have to carry it all in.. Some guy is dreaming of how to make u laugh in ur darkest hour... Don't be afraid to be you...

Pierre Alex Jeanty is an amazing, honest poet. I mean, words can't describe what beautiful mind

and heart he has that shine through in his writing. His last book, *Unspoken Feelings of a Gentleman*, is a book I personally think all men should read. This book, on the other hand, is the one all women should read. His poetry is empowering and honest. Read it, then give it to your daughters, your best friends, your sisters. All women need to know that they are valuable and that they deserve more than to be loved and appreciated only after they leave the picture.

This book is absolutely beautiful! You will not be able to put it down! Every page is absolutely perfect and everything you can want from a poetry book! I am absolutely in love with every poem from start to finish! This book is a true classic and worth every penny! It's a great read for all ages single or married!

Amazing author, motivational speaker and purveyor of good love, please get this book for your friends, your girlfriend, your BEST friend---any man that is looking for the words to say about the feelings they have for ladies. Thank you Alex for this read :)

I felt like a combination of my exes were all speaking to me at one point and I began to understand why the situations had to happen but find peace. The first begins by soothing your heart and then mending and encouraging it back to health. Thanks Pierre for writing this book.

@pierre: i saw this post on my newsfeed and I was immediately taken by your words and almost felt like it was written about me. I bought the book immediately and I'm almost through reading it and I love it. Obviously it isn't about me but what was comforting to know that there are many women out there just like me and some different and no matter who they are or what they believe in, they have their heart broken by someone at some point. If they could get through it so can i. It's nice to see that a man cares enough to publicly accept how he wronged all the women in his life, he may not be able to fix it but at least he offered them closure via this book. Great work. Good luck for your future endeavors.

Pierre does an excellent job describing his personal experiences with women and what he has learned. He's an amazing poet, whose words have touched me and remind me that I'm a queen who deserves the world. In a world where relationships are mediocre and no longer exist as they use to, he shows that women are beautifully deep and there is hope. Not only should women read this to gain clarity but men as well.

This book is a great read! Not only for women, but I think for men also! This book was hard to put down at times. It's so relatable. I think that most women can really relate with the stories and that's what makes it so real. It's also nice to have this from a man's perspective. I know for myself, and I'm sure that other women feel the same, that when a relationship ends we just think that the guy is 'just fine' and that they don't even think about it. And that may be true for some. But, it's refreshing to know that some men may actually think about the woman and the situation/relationship and really reflect on it or think about how that woman made a difference in their life, whether it was learning from her, being heartbroken, or learning from a bad situation. So I must commend Mr. Jeanty on this book! GREAT READ!!!!
