To read these is to get an insight into the minds of people past. These are not your Disney, but original versions. I read Polish fairy tales to my daughter every night. I explain how companies like Disney have gotten so many things wrong. Book has some interesting illustrations. Overall, Polish Fairy Tales is a charming, clever, entertaining work. There is an active table of contents. For instance, here are a couple of tales from this book: 1) In winter, when the frost is bitter, the Dog curls up, covering his body with his tail, shivers and thinks, "I cannot wait for summer to come! I will surely build a kennel, at least a small and rickety one!" As soon as summer comes, the Dog mellows in the sunshine, stretching his legs, his tail loose. Stretching and looking around, he says, "I would have to build a very large kennel. That would be a great deal of trouble! No need to bother. I can do without it!" 2) Once upon a time, there were two neighbors. A neighbor's name was Kukolka, and the other's was Kukolochka. Kukolka was very rich, and Kukolochka was very poor. Misfortune lived on his stove. It looked very much like an owl. Whatever he earned, she would either gulp or take to the rich man. Kukolochka grew angry, for Misfortune had taken away everything, and he did not have a bread crumb in his house. He took along his wife, a jointer, and a piece of a wooden board, and went to the woods. Seeing it, Misfortune cried after them, "Hey, where are you going?" "We are sick and tired of misfortune; we are going to the woods." Misfortune laughed and said that she was going to arrive before they reached the forest. They reached a small river, put the board across it, crossed the river, and took the board off.
