## Customer Reviews

The chemistry between the two main characters is so explosive Iâ™m surprised my Kindle didnâ™t spontaneously combust!By far my favorite book by this author to date. Well written and very entertaining to read.5 stars really doesnâ™t do it justice!

I loved everything about this one!The relationship dynamics between Daniel and Stoker is fascinating. The author has gone to great lengths in order to really flesh out the characters and expand on their psychology. As a result, the main characters really come off as authentic and highly engaging.The writing is top-notch. Itâ™s introspective, lucid, and even poetic at times. The erotic scenes are beyond vivid and really come alive through the authorâ™s use of all the senses. The

narrative flows really well and itâ™s really an effortless read. And the last sentence in the bookâ | couldnâ™t agree more. Spot on! Officially stalking this one!

Me? Tempted? Uhâ | would you believe me if I said no? Obviously tempted enough to purchase this book within 30 seconds after having seen the cover and skimmed over the description. It was the right move though. Steamy reads, just the way I like â™em. Thanks for the distraction(s), Gabi Moore!

If youâ™re like me and prefer books that have not just some, but a lot of steam to them â™ this is it! I thoroughly enjoyed this one (and the other books that came along with it).
